YOURS opens Center

YOURS opened quietly for business Friday night but a grand opening is being planned for May 3.

YOURS stands for Youth of Upland Recreation Services, and is using the former justice court building at First and Ninth.

Friday night records played in the dancing room, but no one was dancing, but there was considerable action in the table tennis department, a conference or two and a game of checkers in the conference room, and even a little reading in the library.

As soon as financially possible (or as soon as someone donates the required equipment) more recreational facilities will be provided at the Teen Center.

A list prepared by the adult group backing the Teen Center indicates nearly anything anyone can think of is needed, from soap and brooms to tables, chairs and television, from desks and office supplies, to a hot plate and hot dog cooker for the snack bar. The list is long. It includes every conceivable item any efficient custodian would need to keep a public building in top shape.

Coat hangers and a rack, a locking cabinet are needed for a coat and purse check-in. The snack bar needs paper plates, plastic forks and

spoons, cups, napkins, foil and towels.

Blue and green spotlights are wanted for the dance floor (not to mention psychedelic strobes), and a microphone and 45 and LP records are desired.

A television, quiet games, a big clock, and a bulletin board, lamps, pictures, curtains, and even a flag are sought for the conference room.

Pool, current rage, is a future hope of the center adults and youths. On the wanted list is an indicative item: cue sticks.

A pool table is one item mentioned by many of the teens at the center, and is planned.

The center's hours currently are from 7:30 to 11 Fridays and Saturdays and from 3 to 6 p.m. Wednesdays, according to information prepared for members, volunteers and honorary members (which anyone can become by donating \$5 to the center). Reason for the shorter than maximum hours is the lack of funds the Center started operation with.

Dona Price is the director. Mrs. Briscoe Root is chairman of the adult committee guiding the operation.

A youth council to offer its views to the adults is planned.

Eventually the Center is envisioned not just as a place to dance, but as a "drop-in" center where conversation or pool or table tennis, reading, and other activities may be carried out by teens.

Parents ask additional EMR class

A group of parents were planning Tuesday to discuss with the Upland Elementary District Board of Trustees what the group calls "the urgent need for a junior high-educable retarded class."

The parent-teacher group of the special education classes of the Upland School District have requested a third teacher be sought for the next year, to bridge the gap between elementary and high school classes.

Ages of the children in the two classes at Valencia School range from 7 to 14 years. Chaffey Union High School District has charge of the high school level classes.

Initiation of a third class on the junior high level would have to be written into the budget for the 1968-69 fiscal year starting July 1.

Atenciones solictas recibieron en Upland

"Special attention received in Upland," was the headline, top of page 1, of the March 17 edition of "Sol de Caborca" newspaper published in Upland's Sister City.

The story with the headline told of the visit to Upland last month of the officials from Caborca.

Accompanying the story was a picture taken by the Upland News of Mayor James Christensen of Upland and Dr. Carlos Valencia Ocana, president of the Caborcan municipal council signing an official agreement.

Following is a translation of the story from Page 1 of the Caborca Sun.

Dr. Carlos Valencia Ocana, Agnel Alberto Sanora Corella, President and First Councilman of the heretofore local government, Assemblyman of the First District Sr. Luis Barreda Maldonado, Carlos Veaneas Pino, ex-president of the municipality of Caborca, and Lic. Francisco Valles Lopez and Sr. Lucrécia M. de Valencia, Lilia C. de Sanora, Armida L. de Barreda, Esathela B. de Veaneas and Maruca de Balles Lopez returned from Upland, Calif., which is officially and mutually recognized as the Sister City of Caborca, Sonora, with the highest (best) impressions.

During the 5th and 6th of this month they stayed in that beautiful city and were the object of special attentions on the

part of its authorities.

They were declared guests of honor; received the symbolic key to the city; visited the major part of the assistance center (the women visited the Upland Assistance League building in Cucamonga -ed.) factories, recreation areas and museums and in each location they received explanations of how they function; they received banquet receptions, concerts gala functions and attended a session of the city council in which the act was signed which declared the "sister" relationship between the cities of Upland, Calif. and H. Caborca, Sonora.

Our representatives received the promise that after the 15th of April of this year they would send a Sister City Commission to initiate an exchange of impressions and plan tentative projects to tighten the bonds of friendship and understanding. Beforehand and with relation to the attentions received in this occasion, they returned with the highest impressions and manifest their profound gratitude and hope to correspond accordingly when the occasion presents itself.

The translation above was done by E. Harvey Stone, Chamber of Commerce representative on the Town Affiliation Committee, official name of the Upland Sister City group.

Concourse progressing

This is the latest run down on work on the Upland Concourse direct from the office of the City Engineer:

Work is underway on the Central Kiosk located at the center of the intersection of Ninth St. and Second Ave. The concrete foundation and basement for the Kiosk is now being constructed.

The basement floor level is approximately six feet below the eventual finish level of the intersection; the stairwell to the basement will be located along the west side of the structure.

The basement is to be divided into two rooms - one room to house the control equipment and panels for the lighting system throughout the Concourses and Alleys, with the Concourse sound system

equipment to be located in the second room.

With the main irrigation and underground electric lines now in place throughout the west half of the Ninth St. Concourse, work is now underway on the concrete curbs that will form the landscape islands; there will be islands at each end of each block and two islands flanking the brick crosswalks that will be located at the center of each block.

Concrete work around the perimeter of the District is essentially complete; work remaining around the perimeter includes the planting of Liquidambar trees, the brick-ing of the tree wells and pavement repair work. The concrete in the Alleys is nearly all in place, with the exception of the brick walkways

from the parking lots to the underground electric conduits have been installed and the standards have been poured throughout the Alleys.

Within the next week, when the alley between second Ave. and Third Ave. is graded and in shape similar to the alley west of Second Ave., Ninth St. between Second Ave. and Third Ave. will be closed and removal of the pavement will begin.

Work is proceeding well with the Ninth St. Concourse scheduled to be opened in May and the Second Ave. Concourse to be completed in June.

Kiwanis has place for sale

Upland Kiwanis Club has found a building in which to hold the club's annual huge rummage sale.

It is located next to Thrifty Drug in the shopping center at Foothill and Euclid. Chairman of the sale is Harold Long.

been married nine months, holds a degree in political science from University of Southern California, and is engaged in graduate work at the same university.

Aide joins city staff

A new administrative aide has joined the staff of City Manager Elwin Alder.

Michael S. Adamson, who lives in Alta Loma, was appointed to succeed Louis Garcia, who left Upland for a position with the City of Lompoc in January.

One of his main duties in the city administration department will be to act as liaison may between the City government and community groups.

Adamson, who is 22 and has

PORTABLE TV WINNER -- Cathy Verstraeten collects her prize at Advance TV from Larry Magnon. She won it on one of the lucky Mustang Sweepstakes tickets that are also paying off weekly in merchandise certificates equal to cash, and in June someone will drive away in that Mustang to be given away by Concourse merchants.

More winners collect cash

Six new winners in the downtown Mustang Sweepstakes have been announced. Lucky shoppers in the Con-

course construction area were awarded certificates in amounts from \$5 to \$25.

Top ticket for the week is held by Mr. and Mrs. Emil McDowell, 526 N. Eucalyptus, Rialto, good for a \$25 certificate.

Beverly Ernst, 1868 Derby Way, Upland, was \$15 winner.

Winners of \$10 certificates were Don Weddergren, 1088 W. 11th, Upland, and H. M. Hall, 8462 Monte Vista, Upland.

Gladys Lundquist, 280 N. Palm, Upland, was a \$5 winner, as was Bruce Webb, 1545 W. D. Ontario.

New lucky numbers will be posted each Thursday morning, and holders of numbers

on display in cooperating business houses must claim their prizes before new lists are hung. Tickets are given out daily, with no purchase necessary.

Merchandise certificates can be spent like cash, and all tickets remain in the running for the grand prize, a Ford Mustang, which will be awarded when the Concourse is completed in June.

Lions to hear culture talk

Upland Breakfast Lions Club will hear a talk entitled "Culture Consumers" at the May 11 meeting at 7 a.m. at the Upland Inn.

Quake rolls by

It was a long, rolling earthquake that startled local residents about 6:30 Monday evening, but what minor damage was done was a long way from here.

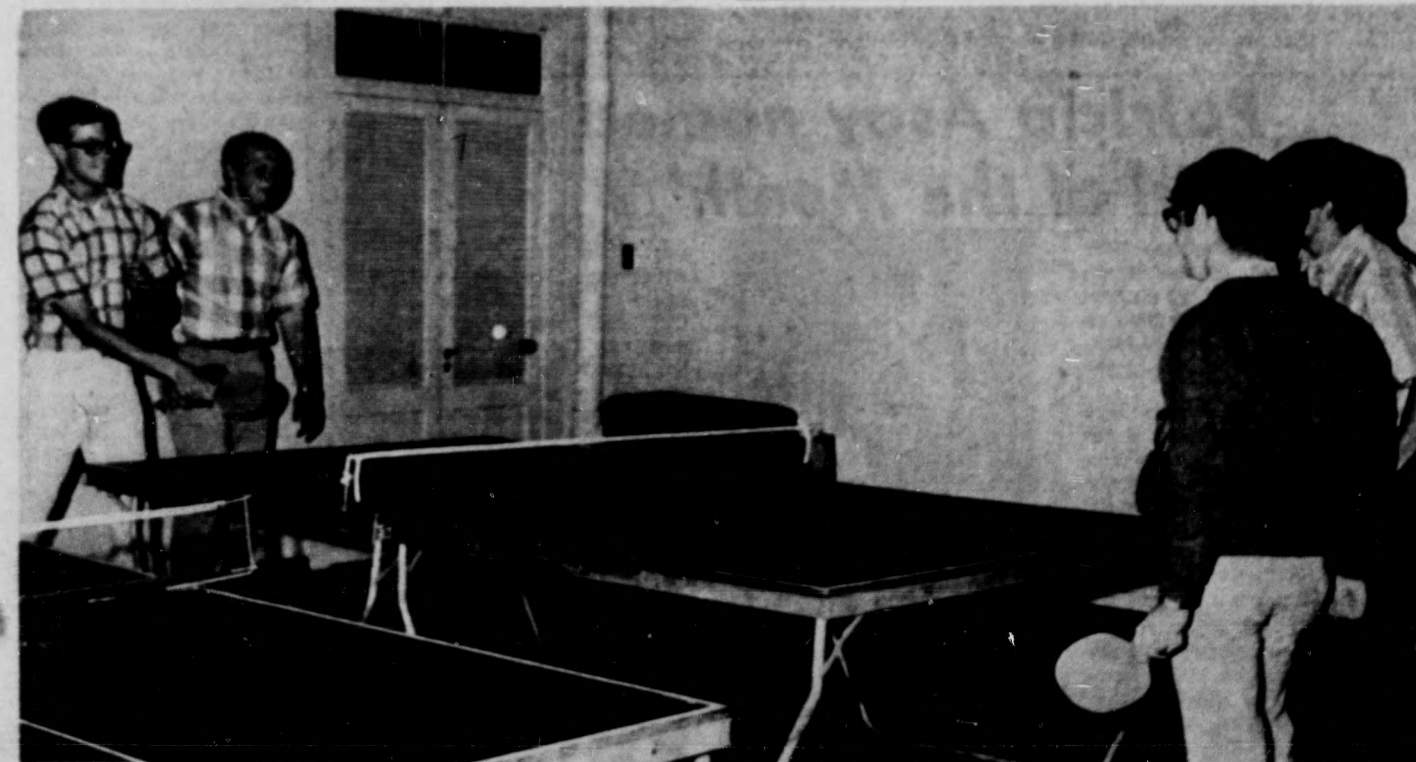

The quake, about 5.5 on the Richter scale in this area, was centered south of the border. The tremor rolled through all of Southern California, strongest since the 1952 Tehachapi shaker.

Some damage was reported in desert towns, with

brief blackouts in El Centro and vicinity, and some phone wires were reported down in the Hemet Valley area.

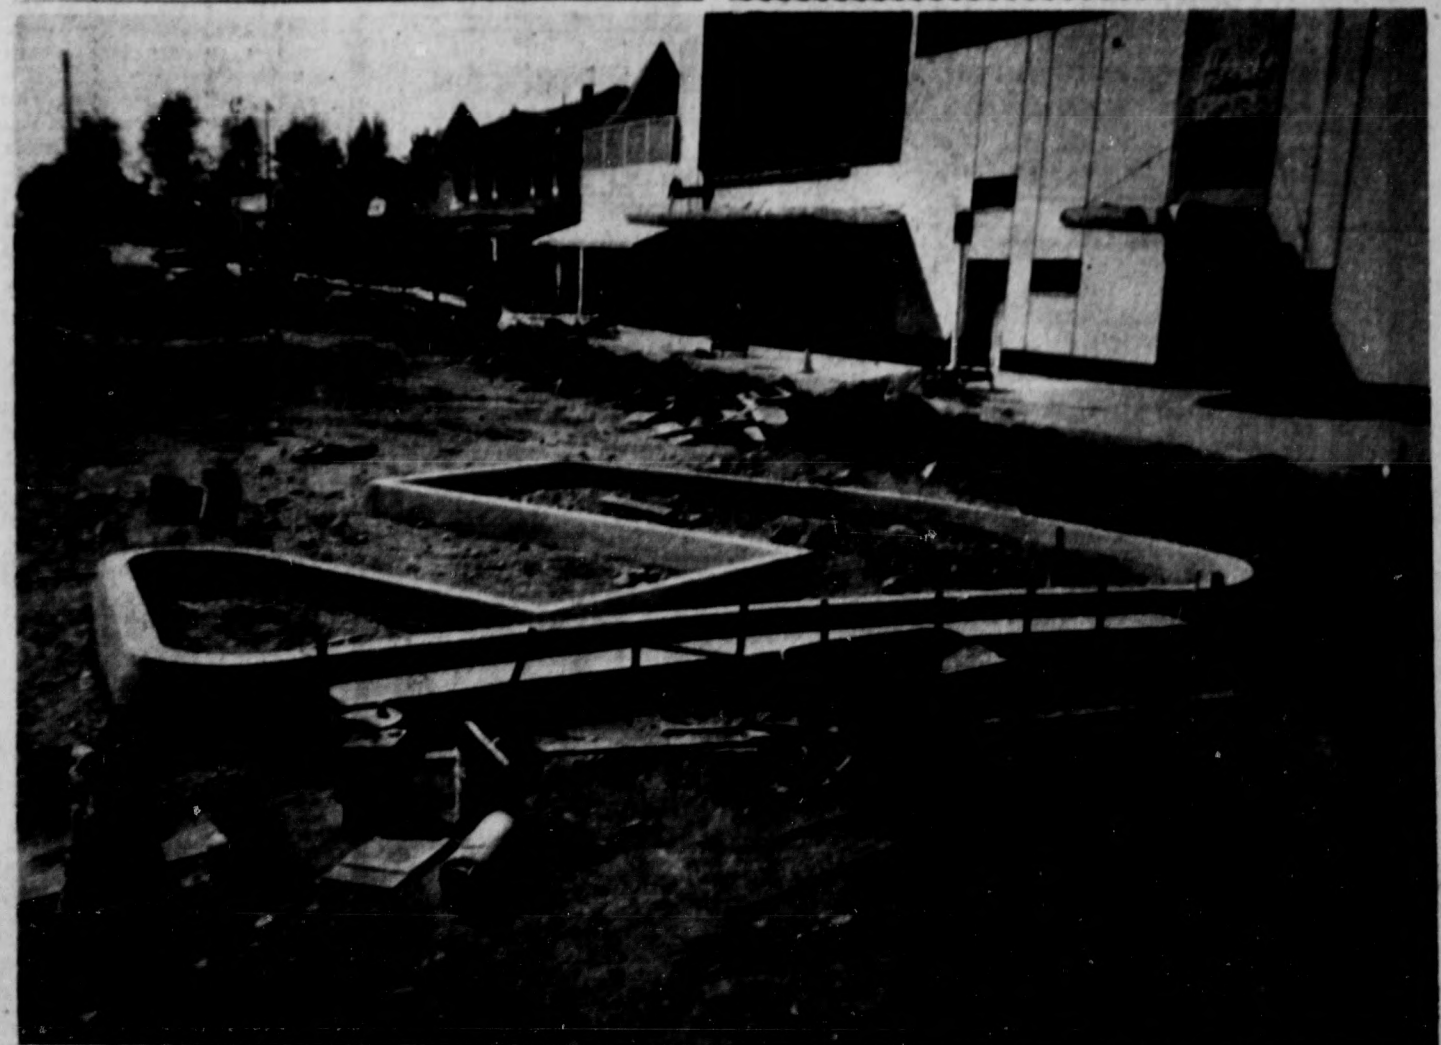

A brick wall of a building was reported knocked down in a Westmorland coin laundry in the Imperial Valley.

Worst part of the quake locally seems to have been the feeling that the roll introduced -- a feeling that those experiencing it were suffering a dizzy spell, and were going to faint.

YOURS -- youth center -- opened first time Friday, and table tennis was popular. However, when center is equipped

with pool table, the teens at the Center indicated that would be a No. 1 pastime.

DECORATIVE CURB AND PLANTER -- first one installed adjacent to intersection of Second and Ninth, just west of

kiosk, which is under construction in the center of the intersection.

Peggy Eaton to marry

The engagement of Miss Peggy Ann Eaton of 457 D. Alpine St., Upland, to Mr. Elton LaVon Millett of 2365 Kimball Ave., Pomona, is announced by her parents.

Patricia Asay named 'Girl of the Month'

Miss Patsy Asay has been selected Girl of the Month by the Upland High School Girls' League. Miss Asay is the daughter of Dr. and Mrs. Lyle Asay of 2453 Mt. Avenue, Upland.

A senior, she keeps very busy as the president of the Inter Club Council. This year she was instrumental in the organization of the annual White Tag Sale which earned twenty-six hundred dollars for the Upland High School American Field Service.

Recently all of Patricia's spare time was filled with rehearsals for the UHS production of the musical "Red Mill", in which she played one of the leads. She is also a member of the Madrigals and A.F.S.

Patsy has been selected as one of the finalists in the American Students Abroad program and hopes to spend the next year in a foreign country. This to be followed by attendance at a college whereupon she plans to join the Peace Corps or a U.N. Specialized Agency. Patsy is an honor student and her outside interests include hiking, piano, guitar, and international relations.

JUNIORS MEMBERSHIP COFFEE -- planned for April 18 at the Upland Inn will see the club celebrating their first birthday in Upland. Mrs. Thomas Gaukler, membership chairman, is shown placing a name card of one of the club's newest members, Mrs. Edward White, seated.

Juniors will celebrate first birthday with membership coffee

Members of the Upland Juniors will celebrate their first birthday with a Membership Coffee to be held at the Upland Inn on April 18, from 10 a.m. until 12 p.m. According to Membership Chairman, Mrs. Thomas Gaukler, all young women in the area between the ages of 18-35 are cordially invited to attend the function to become acquainted with members of the Juniors and to learn more about Juniors activities.

The object of the Junior Women's Club is to promote better womanhood through friendship, community service and learning. The Upland Juniors, a branch of the CFWJCM and sponsored by the Upland Woman's Club, was chartered in the Spring of 1967.

During the first year of organization, membership in the Juniors has grown from 20 to 48 members, all of whom participate actively in the Club's many projects. Business meetings are held the second Monday of each month at 8 p.m. Interesting programs are presented in conjunction with the meetings.

ALA district meeting honors past presidents

At the recent 25th district meeting of American Legion Auxiliary all past district presidents were honored. Those in the West End honored were Mrs. Edith Howerton, and Mrs. Ethel Marsh of Upland, Unit 73; and Mrs. Frank Martens, Mrs. Percy R. Smith and Mrs. John L. Sugar of Ontario Unit 112.

Mrs. Martens and Mrs. Howerton told of the organization in the days when the district consisted of Orange, Riverside and San Bernardino Counties and of the miles of travel each meeting entailed. Fifty-hour hospital pins for new volunteer hospital workers for veteran patients at Patton Hospital were presented.

March of dimes successful

At an executive directors meeting in San Bernardino April 2, Miss Pansy Hawley, executive secretary informed Cucamonga March of Dimes Director M. J. Ripley that the Cucamonga-Alta Loma Area collections for 1968 had exceeded the 1967 proceeds by over 14.0%.

While the Upland Juniors is basically a service organization, social activities involving husbands and families are also included in the Club's busy calendar. In addition to Club projects, a survey has shown that almost all members are actively involved in philanthropic activities of other organizations.

Some of the Club activities in which the Juniors have engaged during the past year are: assisting the American Cancer Society in various areas; assisting the National March of Dimes Drive with an "Operation Reward" Kidnap; assisting the Cystic Fibrosis Foundation with a Christmas party for the children; actively participating in "Operation Cheer" headquartered at Bill's Ranch Market; working at the San Bernardino Health Center and Orthopedic Clinic as volunteers; compiling layettes for needy mothers; assisting at the San Antonio Community Hospital Gift Shop; programming a brain-damaged child in the community; and participating in the Upland Community Congress and City Beautification.

At a national century award will not be given to members collecting dues from 100 or more members, it was announced, but the State membership chairman will make personal awards to those eligible. Two members, Mrs. Eugene Chisam of Ontario and Mrs. Mary Tweedy of Yucaipa will receive this honor at the State convention in Fresno next June.

Kiwanis Club. The eight young men who assisted Ruben in "Project Kidnap", Floyd Stork, Alta Loma director, and his Mothers March chairman, also Allen Swinler, area treasurer, and all of the block mothers whose donation of time and footwork made this year's campaign a success. Final accounting will be accomplished for San Bernardino County in the near future and any further report will be from the county director's office.

Woman's Club hosts guest tea

A Reciprocity Tea was recently held by the Cucamonga-Alta Loma Woman's Club at Sweeten Hall Cucamonga.

Mrs. Herbert Minor, president, welcomed and introduced district officers, club presidents and guests. They were Mrs. Clyde Mackall, of Upland, San Bernardino District president; Mrs. Vola M. Ellsworth, Apple Valley; Mrs. Mildred S. Hearn, West Orange, N.J.; Mrs. Dorothy Johusch, Cucamonga; Mrs. Betty Sorenson, San Bernardino; Mrs. Kenneth Raynor, district junior coordinator, San Bernardino; Mrs. Jessie Rich, Mrs. Evelyn Miller, Mrs. J. L. Williams, Mrs. DeWolfe Murdock, all of the Highland Woman's Club.

A MAN AND HIS FAMILY -- proclaiming their faith for all to see as they place a significant sign in their front yard this Easter. Shown above are Vernon Shinn with his wife

Diana and children, Stephen 8, Linda 6, and Paul, 11 months, all of Alta Loma and the King of Glory Lutheran Church.

Signs to proclaim The Resurrection

Families of King of Glory Lutheran Church, -- Missouri Synod, are placing signs on their lawns during Holy week to remind passers-by that Easter celebrates the resurrection of Jesus.

Each sign, a project of the evangelism committee, contains a cross with the message: We believe; Jesus Died; Jesus Lives; King of Glory Lutheran Church.

On Maundy Thursday evening at 7, Holy Communion will be celebrated just as on the night Jesus was betrayed. In place of the sermon, three Walther Leaguers will pre-

sent a chancel drama entitled, "Behold Now," which tells how the sufferings of Jesus compel us to discipleship.

On Good Friday evening at 7, Holy Communion will also be received. Pastor Koske's sermon is entitled, "God Died -- That You Might Live." Easter Services will include a 6 a.m. sunrise service on the property of King of Glory Lutheran Church at 19th and Beryl in Alta Loma. Pastor Koske's message at this early service is "What Do We See At The Tomb?"

The regular family worship service at 10 a.m. will be the

festival service with Holy Communion; the pastor's message is, "What Do We Hear At The Tomb?"

Regular services are held each Sunday morning at Sweeten Hall, Hellman and San Bernardino Road, in Cucamonga every Sunday at 10 a.m. These are "family worship" services with Sunday School and Bible Class included in every Sunday morning service.

Cantata set at Baptist Church

An Easter Cantata will be heard at 7:30 p.m., Good Friday, April 12 at the First Baptist Church of San Antonio Heights, Upland.

John W. Peterson's Hallelujah, What A Saviour will be presented by the adult choir with Mrs. Ronald Alverson conducting. Soloists will include Mrs. L. A. Whitcomb, guest soprano; Mrs. Elaine Corliss, alto; Jerry Remington, baritone and Dr. Frank Hutchinson, tenor.

The public is invited to attend.

Grace Lutheran sunrise services

Grace Lutheran Church, 2108 N. Euclid Ave., Upland, has scheduled the following services in observance of Easter Sunday, April 14.

Sunrise Service at 6 a.m., Girls Chorus sings; Festival Service at 8:30 a.m., Senior Choir Anthems; Sunday School at 9:30 a.m. all ages; and Festival Service at 10:45 a.m., Senior Choir anthems.

A very cordial welcome is extended to all.

Union Good Friday service announced

The "Word of Forgiveness" by the Rev. William Burch of the First Nazarene Church, the "Word of Trust" by the Rev. James Walther, minister of the Seventh Street Mennonite Church, and the "Word of Victory" by the Rev. Bernard Andrews of the Foothill Baptist Church will comprise the meditations to be presented in the Upland Community Good Friday Service to be held at the Brethren in Christ Church at the corner of San Antonio Ave. and Arrow Hwy.

This coming Friday at 1 p.m. The services will be held under the auspices of the Upland Ministerial Association and the public is invited.

Other ministerial members participating are the Rev. Elbert N. Smith of the Host Church, Bruce Gabbert Jr., First Methodist Church; Richard Mitchell, First Presbyterian Church; and Marvin Kilgore, Assembly of God Church.

An offering will be received for a benevolent cause. The service will conclude at 2:15 p.m.

Church Easter services

Two identical Easter services will be held at the Foothill Baptist Church, 1330 W. 15th St., Upland. Worshipers may choose either 8:30 or 11 a.m.

The Rev. Bernard E. Andrews will speak at both hours on the subject, "What If It Were Today?" The message will link together the resurrection of Christ with His promised return to Earth. Easter music will be provided by the choir under the direction of Mr. Jack Rankin. Nursery will be provided.

Sunday evening at 7 an hour of Easter music will be presented under the direction of Mrs. Bernard Andrews. The program will feature both the Junior and Adult choirs plus a quartet, trio, solos and several instrumental numbers including french horn, flute and vibraphone. Mrs. Ron Potter will accompany at the Organ and Steven Andrews at the Piano.

One sure way to help fight cancer is to contribute to the American Cancer Society's April Crusade.

Christian church names Easter guest speaker

Easter worship services at the Upland Christian Church will feature the Rev. Reuben W. Coleman of San Bernardino as guest minister for the second consecutive Sunday.

An ordained minister in the Christian Church (Disciples of Christ), the Rev. Mr. Coleman has served as a pastor and the area director of Christian education for Christian Churches in Northern California and Nevada. During World War II he was selected by the National Council of the YMCA to be the religious consultant for the YMCA-USO's religious and spiritual ministry to the Protestant. Evangelical men and women in the armed forces.

Following the war he was called by the Federal Council of the Churches of Christ in America to direct the Commission on the Churches' Ministry to Returning Service Men and Women.

In 1947 he became the executive secretary of the Church Federation of Greater

BRIEFING FOR SISTER CITY VISIT -- The Rev. Glen Terry, assistant to the president of the World Gospel Crusades of Upland, is shown briefing some of the young people and counsellors who made the four day visit April 8 through

11, to Caborca, Mexico, Upland's Sister City. A total of 54 persons made the trip (41 area teenagers and 13 counsellors, representing 13 churches. The group travelled by bus and autos.

World Gospel teenagers are touring Sister City

A special service and kickoff rally was conducted by World Gospel Crusades Sunday evening, April 7, at the First Church of the Nazarene in Upland. The service featured the Mexico team members' choir singing "How Great Thou Art" in English and Spanish, a brass ensemble, a greeting from Upland's mayor, James I. Christensen, and an inspirational message by Dr. C. Merwin Russell, president of World Gospel Crusades.

The team members left for Caborca, Mexico Sunday night following this service.

The group was officially greeted in Caborca at a reception by the president of the city, Dr. Carlos Valencia Ocasio. They presented gifts

to the people of Caborca, toured the city and churches, and presented a program of music and film in the city hall park.

D. Birdsall will participate in church youth congress

Western headquarters of the Seventh-day Adventist Church, located here, announced the appointment of a Cucamonga youth to participate in musical features of a four-day Western Youth Congress of the Adventist faith to be held in Long Beach, California, April 17-20, 1968.

He is David Birdsall, 17, son of Mr. and Mrs. Wallace Birdsall, 8420 Arrow Hwy.

David will participate in the

Requiem Mass for Dr. King

Children of St. Joseph's School, Upland, attended a special Requiem Mass, Tuesday, April 9, for the assassinated Rev. Dr. Martin Luther King Jr. The Rev. Father William Valverde was celebrant of the Mass in St. Joseph's Catholic Church.

Seventh-day Adventists mark 100 years in state

"Now therefore, I, Ronald Reagan, governor of California, do hereby proclaim 1968 the 100th anniversary of the establishment of the Seventh-day Adventist church in California and commend it for its great spiritual, medical and educational contributions to this state."

Members of the West End Seventh-day Adventist church, 856 N. Sultana learned this week that those words, from an official proclamation by the California governor, are part of a series of state documents just ratified in marking the 100th anniversary of the Adventist faith in western America.

In addition to the governor's Proclamation, said Pastor Ansel Bristol of the local church in announcing the documents, official resolutions have also been adopted by the California Senate and Assembly.

"We feel honored that the legislative bodies and the governor of California have seen fit to mark the 100 years of

service of Seventh-day Adventists in the state through the ratification of these documents," said Pastor Bristol.

Methodist Community lists Easter services

Maundy Thursday service, April 11 at 7:30 p.m., will be held at the Community Methodist Church, 7690 Archibald Ave.

Featured in the service will be a play presented by the youth entitled "The Power That Doesn't Falter" by W.A. Poovey based on the second word from the cross, "Truly I say to you, today you will be with me in Paradise."

The youth class will be confirmed into full membership. The Sacrament of Holy Communion will be served.

Easter Day Services, April 14, will begin at 8 a.m. with

the Sacrament of Baptism. Duplicate services will follow at 8:30 a.m. and 11 a.m. The combined choirs directed by Mrs. Robert Murray will sing "Crown Him With Many Crowns" by Elvey and "Alleluia" by Mozart. The sermon topic chosen by the pastor, the Rev. John Swineford will be "The Christ Of Every Day."

Church School will meet at 9:30 a.m.

The Youth Fellowship will serve Easter breakfast from 7 a.m. to 10:30 a.m. Proceeds to go toward summer camp fund.

St. Mark's Easter services are set

A change in the time of services at St. Mark's Episcopal Church, effective Easter Sunday only, was announced today by the Rev. John D. Harrison, rector.

The Easter schedule will be: 6 a.m. Holy Eucharist. Two identical services will be at 8 a.m. and 11 a.m. (there will be no regular 10 a.m. service). Both of these services will be a Choral Eucharist, with both the Junior and senior choirs under the direction of Mrs. Lolita Hawthorne. Father Harrison will give the Easter Message at both services. Assisting with the Eucharist will be the Rev. Leslie A. Wilson, honorary associate rector.

The altar guild, Mrs. Lewis D. Ayles, directress, will arrange the Easter floral pieces in the sanctuary and the chapel, and the altar hangings.

At 4:00 p.m. on Easter Sunday, there will be an Easter Children's Service in the sanctuary. Each child will place his Lenten mite box, with a blossom on it, in the

Baptist church to screen film flight

Foothill Baptist Church, 1330 W. 15th St., will present a new Moody science film, "Sing Posts Aloft" at 7:15 p.m., Wednesday, April 10.

The film is the most extensive project ever undertaken by Moody Institute of Science, the story of instrument flight.

To tell the story Dr. Moon and members of the staff flew a Beechcraft Twin Bonanza to every continent of the globe and even landed on the Arctic ice cap.

Cup'n Candle sets dinner

The Kaiser Cup'n Candle will hold a Pot Luck dinner at 6 p.m., Tuesday, April 16 at Kaiser Recreation number 1 clubhouse.

Winnie Cotner, finalist with Pillsbury Bake Off contest will be on the program. Pictures from the new art club will be on display.

CAMP FIRE GIRLS -- from the Ian-Ka-Ta-Hi Group of Valencia School, took Easter bunnies they had made to cheer patients at Upland Convalescent Hospital in keeping

with the Camp Fire slogan, "Give Service." Girls, from left, are Susan Griffith, Alyce Griffith and Christine Skeels. Mrs. Richard G. Skeels is leader of the group.

Christensen asks where money to come from

"Granting state scholarships for the sons and daughters of police officers who were killed in the line of duty is an excellent proposal. It's the very least we can do for the survivors of our fine law enforcement officers. We all know they earn precious little for the risks they have to take. They usually can't afford large insurance policies to assure education for their children," Jim Christensen, Mayor of Upland and candidate for the GOP nomination in the 72nd Assembly District said today.

Christensen was commenting on Assembly Bill 825 introduced recently by his Democrat opponent, John Quimby. The bill would provide scholarship grants for the children of policemen killed in the line of duty.

"I am concerned, however, that the proposal suggests that we pay for these scholarship grants from the State General Fund. The General Fund is often committed for emergency allocations and it would be heartless to offer these grants to the officer's widow only to find that the funds were for some reason not available during a given year. The General Fund is not after all, a bottomless pit of taxpayers' money," Christensen continued.

"I would suggest that the bill be amended so that savings in the administration of our State Colleges and Universities would be set aside to provide the needed money. The Governor has asked that the Academic community institute economy measures and what better use could some of this money from educational savings be put to.

"The bill, in my opinion, should be amended with this thought in mind. This need would no doubt stimulate our college administrators to participate in such a project, and I am sure they can find ample red tape which can be cut and considerable duplication of effort which can be eliminated so that this project can be implemented at no cost to the taxpayer," Christensen concluded.

MRS. PHILIP SAVAGE, newly elected president of Cucamonga Junior High School PTA, was installed in office on April 8, along with the elected board: Mrs. Sam Murray, vice president; Mrs. Jack Ripple, secretary; Mrs. Lyle Cowling, treasurer; Mrs. Warren Henderson, historian; Mr. Ed Barrington, Auditor.

Foothill LL sets parent meeting

A general meeting for all the parents of Foothill Little League will be held on April 17, 7:30, at Pioneer Junior High School in Upland.

Members of the board will be introduced by Jack Clinton, president. Serving this year with Clinton are: John Dockman, vice president; Denny George, treasurer; Sarah Keeney, secretary; Ernie Freedle, player agent; Gordon Scott, safety officer; Noel Magistro, snack bar chairman; Grace Schneeklutzy, Women's Auxiliary; Dick Myers, minor league representative; Mary Lou Hill, publicity.

Highlight of the evening will be the presenting of the teams, and as in the past, the managers and coaches will introduce each player. Teams this year are: Al's Enco Service; Lesondak Plumbing; Ralph's Rascals, Seven Up; Sierra Lathing, Skycrest Ford; Upland Breakfast Lions; Western Moulding.

Date of the Minor League meeting has not yet been set, but all parents will be notified when it is.

'Mail for Servicemen' pamphlet available

An illustrated pamphlet -- "Mail for Servicemen" -- outlining the expanded program for airlifting letters, packages and other military mail overseas at low postal rates is now available through Upland Post Office window clerks. Postmaster John W. James announced.

Postmaster James said that "as a result of new legislation and action by President Johnson we are now airlifting more than 75% of all mail going to the military men and women stationed abroad. We hope this guide will help more American families be familiar with these services and use them."

The eight-page pamphlet illustrates three services for airlifting parcels at rates the average family can afford, the speedy service now available for newspapers and news magazines, the special rates for books and similar educational materials, and how to mail sound-recorded personal messages. The guide also provides

parcel wrapping instructions, information on the time it takes parcels to reach Vietnam and other overseas bases from major U.S. cities, and pointers on the correct way to address military mail.

A family sending a 10-pound package from Upland to Vietnam, for example, pays only \$2.20 on a package marked "PAL," while the air parcel rate for the same package is \$5.23, Postmaster James said.

On parcels weighing less than 5 pounds it might be more advantageous for a family to use the older (SAM) Space Available Mail service, which provides surface transportation to the port of embarkation and airlift overseas. A four-pound SAM package to a European military post from Upland costs only 75 cents. On pounds air parcel post is often the patron's "best buy" for through airlift service, the pamphlet suggests.

John Blair to chair JC senate

John Blair

A professor of English will chair the Chaffey College Senate in the year ahead.

Elected senate chairman was John Blair who succeeds economics prof. Philip C. Starr to the post, effective September, 1968. Voted vice chairman was Stephen J. Kellogg, life science division.

Continued for another one-year term as secretary was Gerald E. Martin, language arts.

New senators-at-large will be Richard C. Clements, language arts; Marlin L. Dickey, physical science, and Starr, social science.

Other senators, according to study division representation, are Mary N. Bartell, guidance-library; John S. Frost, industrial-technical; Betty M. Olson, physical education; Billie P. Pitts, business education; Joyce H. Shannon, creative arts; O. Stanley Waldrop, social science, and Jack L. White, physical science.

Three of these senators were re-elected to office. They are Mrs. Pitts, Mrs. Shannon and Waldrop.

J. Quimby launches campaign

Assemblyman John P. Quimby made it plain at a meeting of more than 100 supporters Saturday as he launched his West End campaign, that he expects to be running against Republican James Christensen next fall in the general election.

Quimby made a strong statement at a luncheon in Ontario in answer to Christensen's calling him such things as "buffoon," which the Upland mayor did in opening his campaign for the Republican nomination in the 72nd Assembly district.

He blasted Christensen (without ever naming him) for not "dignifying" his opponent Manuel Quevedo Jr., of San Bernardino, by not naming him, but instead of running against Quimby in the primary.

Quimby said he would not overlook his opponent, Olan F. Thompson, who runs (a poor second) against Quimby every two years.

Quimby said his No. 1 priority will be the job of representing the district in Sacramento until the legislature takes a recess, and that he would run against his Republican opponent at the proper time.

Pet Parade Saturday

Youngsters 12 years of age and under from Upland and surrounding communities were invited to participate in a children's Easter pet parade this Saturday at the Upland Square shopping center at Foothill and San Antonio.

The parade will begin promptly at 11 a.m. but all participants must be in line no later than 10:45 a.m.

Those entering are invited to dress themselves and their pets in appropriate costumes befitting the Easter season. Youngsters may enter without pets, if they wish, but should wear some type of an original Easter costume or a unique Easter hat. Prizes will be awarded "The Funniest Easter Hat," "The Funniest Easter Costume" and "The Funniest Dressed Pet."

Entries will be judged by Upland Mayor Jim Christensen and City councilmen Max Hawkins Jr. and Ronald Rositter. They will be seated on a stage by which the parade will pass along the store fronts.

The parade will be led by a real circus wagon, drawn by Shetland ponies. Following the parade and until 4 in the afternoon, all children visiting the center with their parents will be given free rides around the parking lot in the circus wagon.

Vocal lessons are featured at Kaiser

Kaiser Recreation is adding vocal lessons to its list of activities. This is one of the activities which is open to the public and lessons will be given to anyone desiring them for \$1 per session. The classes are open to any age, and the only requirement is the WILL to learn how to express oneself through singing.

The instructor Rudy Diaz from Ontario has taken instructions from the best. He has done work with Richard Dastrup and Virgil Camp. He

has a very good background in semi-classical and pop music and has done Broadway shows for Chaffey College, Fohl, and the Civic Light Opera, San Bernardino.

He has sung in several choir engagements, cut a record, and is presently seeking a degree in music.

Citrus banking women

The Women's Committee, Citrus Belt Chapter, American Institute of Banking, recently held their final business meeting for the year 1967-68 at the Royal Coachman, West Covina.

Louise Russo, Women's Committee Chairman, presented the slate of officers for the coming year. Those taking office were: Mrs. Helen Schnack, 1st National Bank and Trust Co., Ontario, chairman; Miss Eunice Howard, United California Bank, El Monte, co-chairman; and Miss Joan Muus, Bank of America, West Covina, secretary treasurer.

Plans are being formulated for the annual "Fun Night" to be held in May.

The Women's Committee maintains a full program throughout the year, promoting Education through Forums and Seminars, A.I.B. classes, and monthly speakers on subjects pertaining to the banking profession.

An educational tour is made annually, with the most recent being a tour of Casa Colina, Pomona. After a buffet dinner, the committee members of over 60 women, were escorted through various departments, where demonstrations of equipment used in rehabilitating the crippled were given.

CALIFORNIA STATE LEGISLATURE

California's system of severe criminal penalties, among the stiffest in the nation, have not deterred the public or the criminally oriented from committing crimes, nor has the system protected society from criminals.

This was the gist of a report just received by us in the Legislature from the Assembly Committee on Criminal Procedure, which also said the state should spend less on its prison system and more on parole supervision.

The report, prepared by the Assembly Office of Research at the request of the committee, suggests most offenders, except those guilty of crimes of violence or with histories as professional criminals, should be released from prison as soon as they are eligible for parole. The state's present prison population of 25,000 would thus be reduced by some 6,000 to 10,000.

And California should not build any more new prisons and even should close San Quentin State Prison, the report said.

Among the findings included in the report were these:

1. Penalties in California are already more severe than almost any other state. Prisoners here serve an average

of 10 months longer than the national average, but there has been no evidence that these stiffer penalties serve to deter crime.

2. California taxpayers spend at least \$20 million each year for the lengthy and ineffective confinement of non-habitual or non-violent offenders.

3. Effective and inexpensive alternatives to lengthy imprisonment exist and have been tested in California.

4. The state saved an estimated \$1.2 million in its first two years of operation of the intensive parole program started in 1965.

5. Sentencing and parole policies are neither just nor effective, with sentencing affected by geography and parole by public or legislative moods and financial pressures.

6. Local community resources of crime control most need strengthening, according to all available data.

"This report raises grave questions as to the cost effectiveness of our correctional system," the chairman of the committee said. "We do not have unlimited resources in our war against crime -- we must determine the most effective way to get the best return on our dollars invested. The conclusion

of this report is that we are not doing this."

California's general parole policy came under fire from the report, which noted the policy reflects emotion, not facts, and has become increasingly conservative and expensive.

It recommends a sharp reversal, suggesting:

"All offenders shall be released to parole at the expiration of statutory minimum parole-eligible periods except those convicted of willful homicide, aggravated assault, forcible rape and other specified crimes of serious personal violence, and those with

histories of professional criminality or habitual extreme violence."

The report estimates state prison costs could be reduced by \$30 million a year by 1971 if this recommendation were carried out. At least one-fourth of this money should be spent in increasing parole supervision, and the rest in improving local law enforcement and technical capability, the report says.

We in the Legislature will give the report a careful examination since the recommendations are certain to result in statewide controversy.

Casa Colina receives medical accreditation

A survey of Casa Colina Hospital, conducted in January by the Joint Commission on Accreditation of Hospitals, earned Casa Colina the maximum three-year accreditation.

Casa Colina became a full-fledged hospital early last year. Subsequently, administrator Richard T. Moore requested the survey by the esteemed Commission.

The study was conducted January 15, and on March 19th

the Commission's director, John D. Porterfield, M.D., issued the Certificate of Accreditation and a letter to Mr. Moore in which he said, "The Commission wishes to commend you for maintaining standards deserving of accreditation and for your constant effort to improve the quality of patient care."

In California Casa Colina is the only voluntary non-profit hospital specializing in physical medicine and rehabilitation to receive this coveted honor. It is one of only 15 such hospitals in the nation to earn what is considered to be the Hallmark of Quality Care.

Registered hospitals with more than 25 beds may apply for accreditation by the Joint Commission, headquartered in Chicago. Upon request, the Commission sends a representative to study the hospital. If the hospital fulfills the high standards set by the Commission, it receives a scroll approving it for "High quality medical and hospital care, and for maintaining as its primary objective the safety and welfare of the patient."

This honor assures the patient that he is receiving the best possible health care, and guarantees that the hospital's staff is of the highest caliber. Further, accreditation provides the community with a symbol of confidence in its hospital.

Member organizations of the Joint Commission on Accreditation of Hospitals are the American College of Physicians, the American College of Surgeons, the American Hospital Association and the American Medical Association.

Garrick Players are advised by 'the real McCoy'

Garrick Players are receiving technical assistance in their production of The Velvet Glove, scheduled for April 19, 20 and 26 and 27, at 8:15, The Castle, C and Lemon, Ontario.

Sister Paula Marie of St. Joseph's School, Ontario, has read the script and is sitting in on rehearsals to help director Maxine Lentz, Glendora, direct the four actresses who are cast as members of the religious order running the girl's school.

She is helping to achieve movements and mannerisms that are traditional. Pat O'Leary, Ontario, is making the religious habits for Gloria McGinnis and Sandi McKenzie, Ontario, Dolores McNally, Montclair, as well as herself. They will be blue, topped by white or black veils. Mrs. O'Leary also designed the posters for this production.

The setting of Mother Superior's office has been designed and built by Gary Skinner, Upland, aided by Clark Marshall. Skinner is also serving as lighting technician. New dimming and blackout equipment has been installed. Cast members will supply their own sound effects.

Properties are being hunted and organized by Louise Jagers, Ontario, and she is being helped by Sister Paula Marie, particularly in securing the religious objects.

Publicity is being supplied by CleoBell Heiple, Upland. Tickets for this family comedy of the conflict and romance

in a Catholic Girls School are available from the cast and at the door. Children under twelve will be admitted free. For ticket and group rate information, call 983-3026.

YR club organized

Chaffey District Young Republicans met recently in Upland to organize an official Young Republican club and affiliate with the San Bernardino County Young Republicans.

Norman Albane, of Ontario was elected temporary chairman to make preparations for the next organization meeting which will be held on Monday, April 15, at 8 p.m. at 851 W. Foothill Blvd., Upland.

"All young people between the ages of 18 and 40 are invited to join us at our next meeting," said Albane.

Albane stated that the main purpose of the Young Republican organization is to provide the opportunity for young people to become informed on the issues and Republican principles in government today. He stated that other goals include providing manpower for the Republican Party and to give political training to future GOP leaders and candidates.

At the upcoming meeting, the club will elect its permanent officers, establish its

For at least 1/3 of your day, it's a nuisance.

Nobody spends all day near a kitchen phone. Or a hall phone. (Or wherever it is you have the ringing thing.)

We're guessing that at least 1/3 of the time, a one-phone family does cross-country running through the house or scrambles down some stairs to take the call.

You can't call that modern living. The fact is, 40% of the families in

America aren't living like that.

They've got an extension phone somewhere else in the house.

That second telephone would cost you a good deal less than you probably think.

Call our business office or ask the men on the telephone trucks you see around town.

Hospital inaugurates nuclear medicine department

Dr. Worth A. Hooper, director of the new nuclear medicine department of San Antonio Community Hospital, examines printed-out, anatomical view of film to check organic evidence produced through use of a \$25,000 electronic scanner. Sophisticated tool is key to new services available to health care center.

"PATIENT," Mrs. Carol Gray and Andrew Villanyi, professional technicians on San Antonio Community Hospital staff, demonstrate \$25,000 electronic scanner, principal tool of health care center's new nuclear medicine department. Machine takes pictures of internal organs, after patient has received "tracer amount of nuclear substance," either by syringe injection or oral administration.

The white-haired, middle-aged hospital patient sat quietly and seemingly uninterested as a doctor and two uniformed technicians busily, unemotionally, prepared to administer another hypodermic injection.

There was an august, professional hush in the spotless medical laboratory. Once the patient's right forearm was cleansed with a cotton swab and a blood pressure cuff affixed above the elbow, the rubber-glove covered right hand of the doctor moved swiftly and accurately.

Although the procedure appeared to follow a common application of modern diagnostic technique, it was, in fact, a significant moment in the growing trend to bring new methods of diagnosis and treatment to the community, which have been developed at University centers and proved to be safe and useful.

The now routine circumstance at San Antonio Community Hospital was an important occasion, marking as it did the informal beginning of its new nuclear medicine department.

Although the West End health care center can accommodate 300 in-patients including six cardiac cases in its equally new \$107,000 intensive care unit, its location at 999 San Bernardino Road is still fairly remote from the hub of Southern California's urban heartland.

Boys Clubber to address Kiwanis club

Alta Loma-Cucamonga Kiwanis Club Thursday will hear James V. Miller, field representative of the Boy's Club of America, according to Chairman Dave Narasaky.

The club's regular luncheon meeting takes place each Thursday at 12:30 in the Upland Inn.

Last week, members were entertained by Chaffey College drama instructor Ralph Strane, hobby breeder of blue ribbon bantam chickens who showed slide pictures of various breeding strains.

Nonetheless, in its dedication to furnish improved medical service to everyone who needs it throughout Chino, Cucamonga, Etiwanda, Fontana, Montclair, Ontario, Pomona and in other areas of Los Angeles and San Bernardino counties, the growing health facility made another positive advance.

"With the opening of our nuclear medicine department," explained Administrator John L. Towers, "we believe we are able to supply just about everything that's currently available in personnel, services and equipment found in any large city hospital."

Under the director of Dr. Worth A. Hooper, the nuclear medicine staff also involved two exceptionally well-trained and skilled technicians, Mrs. Carol Gray and Andrew Villanyi.

The principal function of the new department is to provide, through utilization of a \$25,000 electronic scanner, a machine that takes pictures of internal organs.

Using radioactive materials, which are selectively absorbed by the organ, Dr. Hooper obtains a choice of three types of pictures.

"In addition to the visualization of various organs," he said, "we use other related equipment which is designed to study organic functions."

The radioactive materials, he continued, are introduced into the body and the organ in which we are interested, which selectively localizes the material followed by the scanning procedure which produces the picture of the organs and disease processes of that organ.

"It is a service that supplies a sophisticated new tool which eventually will rival and supplement existing diagnostic equipment in the daily practice of medicine," declared Dr. Hooper.

To implement the scanning procedure, which requires a syringe injection or oral administration of nuclear material, the new department is quartered within a "hot" laboratory, two counting (testing) rooms and a modest office for examining the results of the read-out systems.

After a patient has received a "tracer amount of nuclear substance -- well below the levels of radiation that are considered safe by the State of California Public Health Department -- the probe produces a printed-out, anatomical view of the area under study."

The machine can develop a photo-scan, dot-scan or full-color picture.

The photo-scan records light exposure on heavy-duty film, graphically showing telltale areas that the physician

requires to substantiate prior organic suspicions.

It may also utilize a dot-scan of the same anatomical area -- the brain, thyroid, lung, liver, spleen, kidney or bone -- which utilizes a magnetic stamper to etch an even more graphic picture.

A color attachment for the equipment develops a seven-hued art form ("It might be

called a psychedelic view,") to focus attention on damaged tissue.

Dr. Hooper, 43, has been a member of the San Antonio Community Hospital medical staff since Sept. 1 last year.

Prior to that, the graduate of the University of Minnesota Medical School, served 10 years as a full-time staff assistant professor of radi-

ology at the Los Angeles County - University of Southern California Medical Center.

Use of the machine -- called an "isotope," Dr. Hooper said with great assurance, "is an entirely safe procedure," and the application of nuclear medicine, he predicted, will "enable us to more accurately and more easily diagnose many internal problems."

CC launches drive for 60 members

Upland Chamber of Commerce kicked off a concerted spring membership campaign Tuesday morning aimed at signing up at least 60 members from a 200-member prospect list.

Eleven two-man teams left Arthur Bert on Chapman dean's list

Arthur Bert of Upland is one of the 81 students included on the current Dean's List at Chapman College in Orange. Selected for the current listing were all full-time day students who achieved a grade point average of 3.5 ("B-plus") or higher in the fall semester. The listing represents 8 per cent of the full time enrollment at the private liberal arts college.

Bert, a junior Administration major, is the son of E.F. Bert, 885 West Arrow, Upland.

the breakfast at the Upland Inn determined to bring in some \$4,000 in membership sales to strengthen the Chamber.

Roger Luby, chairman of the Fireball 12 membership committee, will head the concentrated campaign that will run until a final report dinner April 25.

C of C President Hal Ballin reminded the members present at the breakfast that

the Chamber's concern is the economic well-being of the community.

Betterment of the community did not mean streets, Ballin said, but betterment of the people. Healthy commerce and industry provides jobs and a healthy economy.

Prizes will be given top teams in the campaign, but "Prizes aside," Ballin said, "this is a service to the community."

B of A names semi-final winners

Four high school seniors from this area took top honors in the local semi-finals of the 1968 Bank of America Achievement Awards program.

By winning first place in their field of study, they earned at least \$150 each and the right to compete for cash awards of up to \$1,000 at the Southern California Area 4 final event on April 26.

The four second place winners each received \$50 awards, and third placers took home \$25.

Winners and their general fields of study were:

Priscilla Rusdahl, Upland, vocational arts; Marc Kitchel, Colton, fine arts; Melissa Mullins, Chaffey, liberal arts; and David Berger, Montclair, science and mathematics.

Second place winners were Phyllis Bles, Montclair, vocational arts; Dana Palmer, Chaffey, fine arts; James Walker, Chino, liberal arts; and Daniel Perry, Colton, science and mathematics.

Third place winners were Ronald Pietersma, Chino, vocational arts; Phyllis Sherrouse, Montclair, fine arts; Douglas Hodell, Upland, liberal arts; and Colleen Moore, Chaffey, science and mathematics.

The semi-final event, in which top students from high schools in San Bernardino and Riverside counties appeared before a panel of civic leaders, was held at the Squires in Ontario. Competing students had been selected as best in their general fields of study at their individual high schools.

JC students to 'vote' in April 24 'primary'

Chaffey college will be one of some 1,000 colleges and universities involved in the national collegiate presidential primary, April 24.

The primary, dubbed Choice '68, will afford students here and across the land a rare opportunity to vote on candidates in this election year.

Listed on the ballot are all candidates, whether committed or undeclared, whether drop ins or drop outs. The primary will also probe student opinion on the Vietnam question and on priorities for governmental spending in relation to the "urban crisis."

Student convictions at Chaffey have already polarized into the formation of two political groups as the primary nears. Busily recruiting followers are the leftist Peace and Freedom party liners and the somewhat rightist Responsible Students for Freedom.

A Democratic club has yet to develop on campus with McCarthy and Kennedy devotees speaking more at, than to, one another. LBJ's sudden abdication has created further chaos. The betting is heavy that the vice president will step into the vacuum as a write-in candidate on this particular ballot.

From all of this the Republicans have taken some heart but so far have not been able to even pull together a corporal's guard. They are unable to agree on Nixon or Rocky but share the belief that they have got to take a

firm stand on Choice '68 to keep the GOP from going down the drain for the third time.

Heading the Choice '68 steering committee is associated student body president Jim Keiber, Upland, assisted by secretary Velma Lundberg, Fontana.

Committee members are Joanne Iavello, Chino, campaigning; Christina Estrada, Upland, polling; Mike Reed, Claremont, public relations; Elise Martinez, Corona, and Uplanders Linda Meyer, and Penny Cox, publicity; and Fontana's Stuart O'Neill and John Kuchar, speakers bureau.

Sidney Silliman of the social science division is the Choice '68 advisor.

Highway user tax distributed

State Controller Houston L. Flournoy announced the distribution of \$49,722,771 among the State, cities and counties as the February apportionment of highway users taxes.

San Bernardino County's share was \$473,191.29. West End Cities' shares were Upland \$16,459.57; Montclair \$13,201.93; Chino \$11,687.42; and Ontario \$35,262.40.

A total of \$12,435,762 went directly to the counties; \$9,253,916 to cities; and \$28,033,093 for expenditures on state highways.

The total was derived from the following sources: gasoline tax, \$44,771,459; diesel fuel tax, \$3,244,722; by transfer from the Motor Vehicle Fund, \$1,705,349; and the balance from miscellaneous sources.

JC to stage Jack, Beanstalk for kids

A play adapted from "Jack and the Beanstalk" will be presented for children in two matinees in the Chaffey College little theater Saturday, April 20.

Children will have an opportunity to see one of their favorite stories come to life on the stage in performances at 10 a.m. and 2 p.m.

The small fry audience will get a chance to live dangerously with Jack as he outwits the Giant and to enjoy such marvels as a magic harp that walks and a hen that lays golden eggs.

The play will be directed by Ralph Strane, with a pair of clowns and a prince and princess thrown in -- somewhat of a departure from the original story line.

Otherwise, the tale is just if anything, that chicken on the gold standard gets even more prominence in the play. Strane admits to a bias for chickens. He is a Cucamonga fowl fancier and has won blue ribbons by the yards.

Appearing as Jack will be Tony Hermosillo, a pupil from Bon View Elementary School, Ontario. The role of the cow, which Jack sells for a bag of beans, comes in two parts, with William Vaughn, Corona,

in the front part and Barbara Littleton, Ontario, at the under end.

Others in the cast are Ontarians Donna McAllister, James Midgley, Estelle Pabis, Joanne Connolly and Dave Ortiz; and Carolyn Downs, Claremont; Floyd Saunders, Chino; and Linda Gordon, Upland.

There will be no charge for admission to the play. However, reservations must be made by letters directed to the Chaffey College drama department, indicating the preferred performance. A self-addressed stamped envelope must be enclosed.

Peace-Freedom club to meet

The West End Peace and Freedom Club will meet Wednesday, April 17, 8 p.m., at 936 West 7th, Upland, for ratification or revision of general principles adopted at the State founding convention March 18. Plans for an "Activate The People" drive will be drawn up.

He's ready to serve you. He's highly trained. He's good at his job. That's why he works for us.

And his job is becoming more important all the time. We're an investor-owned company. And that's like having two employers. You have to satisfy your customers, the people who buy your service, by being efficient. And you have to be efficient to satisfy your owners. For they're the people who invest in your business and make the service possible.

This means we work hard to give the best possible service, at reasonable rates. Investor ownership is that "extra step" -- why we have servicemen who are extra courteous and skillful, as well as being efficient.

It's the reason we look for economies in every way possible and have been able to reduce gas rates six times in the last five years.

It's also one of the reasons our business is growing. And how!

Of special interest to military men and women and their dependents is a provision in the new social security law which promises greater protection for them and their families. Under the old law only a person's military base pay was counted toward social security benefits. Starting with January, 1968, an additional \$100 will be counted for each month in which the person in military service is receiving active duty pay. Since social security benefits are based on average earnings over a working career, you and your family may be able to receive higher benefits later because of the additional credits. The Congress recognized that under the old law, the social security protection of a worker might be impaired during a period when he is

in military service, because of the relatively low earnings covered under social security. This new provision seeks to take into account the value of payment in kind -- such fringe benefits as food, housing, and clothing, and medical services, which are in effect part of the serviceman's earnings. These earnings credits will automatically be credited to your social security account, and you do not have to make any kind of application to receive them. They will not mean additional social security contributions from your paycheck, but will be attributed to the general funds of the Treasury. If you have any question about this change, or any other changes in social security, please call or write us. Our telephone number is 986-2239. We are open from 8:30 a.m. until 4:30 p.m. Tuesday through Friday and from 8:30 a.m. until 7:30 p.m. on Mondays. The Pomona Valley Social Security Office is located at 445 East Holt Blvd. Pomona.

Coed tops in Southern California merchandising

A Chaffey College coed will represent Southern California in the Merchandising Student of the Year contest in Sacramento, April 27.

Named Southern California champion in the regional stage of the contest was Mrs. Carla Miranda Leroy. She is the first woman candidate in the history of the contest to emerge as a winner in the Southland and its sole representative.

The contest is sponsored by the California Department of Education.

Mrs. Leroy is a participant in Chaffey's work-study program and employed on a 30-hour weekly schedule at May Company, Inland Shopping Center. Her supervisor

CARLA LEROY

is department manager David W. Bailey.

The Chaffey coed is a recent bride. When her husband, Robert D. Leroy, completes his army service, May 9, the couple plans to reside in San Bernardino.

Mrs. Leroy emerged with the top honors in the Southern California phase of the contest on the basis of her resume, recommendations from current and previous employers and personnel interviews.

The interviews of each candidate were conducted on a rotational basis by pairs of personnel directors from Sears, Barker Brothers and Broadway Stores. Mrs. Leroy "drew" Sears and Barker

Brothers.

The winner's next challenge in the state-wide phase of the contest is to submit an essay keyed to the topic, "Why I Want to Enter the Field of Merchandising."

Southern California runners-up were Joel Bernstein, Long Beach City College, second place, and Barbara Baldwin, Rio Hondo, third.

Chaffey's champion received a plaque for her achievement.

Cauliflower supplies are abundant. Cook it whole, then top with cheese sauce. Remember the raw flowerettes for nibbles, with or without a favorite dip.

PFF men appointed by League

Three Pomona First Federal Savings and Loan executives have been appointed to the 1968 committees of the United States Savings and Loan League.

The appointments were announced by Hans Gehrke, Jr., of Detroit, Michigan, president of the League.

Paul D. Walker, president, Pomona First Federal, was appointed to the committee on FSILC law and regulations; Glenn Cunnison, to the branch operations committee; and Roy G. Decker, personnel committee.

Cows prove producers

A report of milk production levels attained by dairy cows in area herds has been received from Holstein-Friesian Association of America.

The actual food production output, under official testing rules, by these local Registered Holsteins is: Shady Grove Rainier Pledge 5355741 a five-year-old, produced 20,660 pounds of milk and 817 pounds of butterfat in 365 days; Jay Kay Burke Jane Ada 49 4918953, a seven-year-old had 21,340 pounds of milk and 779 pounds of butterfat in 365 days; Shady Grove Progressor Linda 5821420, a three-year-old, had produced 20,840 pounds of milk and 738 pounds of butterfat in 305 days;

20,840 pounds of milk and 738 pounds of butterfat in 305 days; Pittsburgh Pledge Pat Yeulet 5171116, a six-year-old, had 19,070 pounds of milk and 653 pounds of butterfat in 330 days.

All are owned by C.S. Musser, Upland.

These new production figures may be compared to the estimated annual output of 8,513 pounds of milk and 315 pounds of butterfat by the average U.S. dairy cow, notes the national Holstein Association.

The University of California supervised the sampling, weighing and testing operations in cooperation with the Holstein organization's herd and breed improvement programs.

GOP club

"Meet Your Republican Assembly Candidates" will be the program at the next regular meeting of the Valley Vista Republican club on Thursday, April 11, 7:30 p.m. in the lounge of the Security First National Bank, Upland.

Assemblyman John V. Briggs and Clayton Stanhope are the Republican Candidates from the 35th Assembly District and, James Christensen and Manuel Quevedo candidates in the 72nd Assembly District will each speak at the evening meeting. A question and answer period will follow the talks.

Harry Drake, president, announced that the Club will have a rummage sale on Saturday, May 4, with Mrs. Dan Noonan serving as chairman of the sale.

Scout-O-Rama ticket sales in high gear

The Old Baldy Council, Boy Scouts of America, kicked off its 1968 Scout-O-Rama ticket sales campaign on April 1, 1968.

More than 150 Cub Packs, Scout Troops and Explorer Posts now have tickets and their 7,000 members are selling them in the Pomona Valley-Fontana area. Tickets are \$1 per adult, under 16 admitted free.

The Council's Scout-O-Rama will be held May 25 at the Los Angeles County Fairgrounds in Pomona, 12 noon to 9:30 p.m. 150 booths and live demonstrations will be featured on subjects ranging from Aerospace to Zoology.

Council ticket sales chairman is Gerry Busby of Pomona. He is assisted by Tom Kelleher of Ontario, Gene Miller of Fontana and Bill Trueblood of Upland.

tion will criticize the plan. The fact is, however, that, at this point, any opinion is premature. It will take a great deal of detailed study and discussion before the plan is fully understood and the alternatives explored.

One thing we know -- present tax levels are too high at every point. Excessive property taxes are holding back our prosperity and contributing to unemployment. Sales taxes and state income taxes have reached dangerously high levels. Whenever these taxes are passed on to the public in the form of higher prices, the resulting inflation does violence to the efforts of those who try to save for their declining years, takes food from the mouths of pensioners, and forces down the standard of living of anyone on a fixed income.

The Governor has taken the first step. It is now up to the legislature to evaluate each part of the proposed tax program in relation to the services it is called on to provide and the minimum essential cost of those services. In the next several reports which I make to you, I will discuss various stages of the Governor's program in terms of what it means to the average taxpayer.

Senator Coombs announced that Tuesday, April 16, will be the final day for the unrestricted introduction of legislation.

Anyone who has material that they would like the Senator to use for his 1968 legislative program is requested to have their information in the Senator's Sacramento office no later than Friday, Apr. 12.

Urban Studies Program In Claremont This Summer

CLAREMONT - An area program in Urban and Regional Studies will be offered by the Claremont Summer Session. It has been developed in conjunction with the Institute of Urban and Regional Studies in Claremont Graduate School and represents a continuation and broadening of the program in Modern Dissent offered in the summer of 1967.

Professor G. Edward White of Harvard will teach a course in "Social Policy and Planning in the Contemporary Metropolis," with particular attention to resource allocation, crime, civil rights, property redevelopment, and transportation in New York City. Gerald Sroufe of the Claremont Graduate School education faculty will offer "Federalism and Intergovernmental Relations in Education," which will examine the question of control of education in the United States.

Professor A.R. Louch of Claremont Graduate School will offer "Freedom and Rights," which

will examine such topics as the legality of religious observance in schools, the problem of obscene and libelous publications, loyalty oaths as an infringement of the right to political beliefs, civil rights, demonstrations, rights to the enjoyment of property, and the rights of the accused. Professor Fred Rough of Claremont Men's College will offer "Government and Social Change," which will analyze facets of pervasive change characterizing contemporary American society including technological, ecological, economic, and racial.

Further information may be obtained from the Summer Session Secretary, Claremont Graduate School.

Double Money Back

A butcher in London in 1768 caught selling meat at "unreasonable" prices could be forced to forfeit double its value by a justice of the peace, according to the Encyclopaedia Britannica of that year.

"WHERE THE ACTION IS" AT CAROUSEL

The Caroussel Theatre will be "where the action is" during the next two months, according to word from the theatre management.

In addition to the current Spring Series of four Broadway stage plays, ("Wildcat," "Enter Laughing," "Sweet Bird of Youth," and "The Impossible Years,") Eric Burdon and The Animals were booked for their one-nighter on April 8 and The Four Seasons featuring the sounds of Frankie Valli, for April 15.

The Spring Play Series closes May 19 and will be immediately followed by The Temptations, with Martha Reeves and The Vandellas, set for six days May 21-26.

From May 28 to June 2 a fabulous Motown "Package" Show holds forth at the West Covina circular theatre. Starred are The Four Tops, Gladys Knight and The Pips and famed African trumpeter Hugh Masekela.

Lest U Forget Income Tax Deadline, Mon.

Southern California taxpayers and tax practitioners should request any additional tax forms they need from the Internal Revenue Service by writing to Tax Forms, P.O. Box 1711, Los Angeles, California 90053, F.S. Schmidt, IRS District Director, said today.

Many taxpayers have been sending requests for additional forms to the IRS service centers. Since the service centers are not equipped to handle numerous mail requests for forms, the result is delayed reply to the taxpayer.

Schmidt emphasized that the district offices are staffed to handle large volume requests. A request for tax forms sent directly to the district office will receive prompt handling.

Once a rock barnacle attaches itself to a rock, it stays there for life.

SPORTS FANS!

I BET YOU DIDN'T KNOW

by Ron White

Here's a real puzzler for you... Suppose a batter in baseball hit a home run, but as he rounded first base he collapsed and fell unconscious between first and second... What would happen?... Oddly, such a possibility is not covered specifically in the rules... However, umpires say this is the one case where another runner would be allowed to come in and finish the trip around the bases for the fallen man, provided the ball was out of the park and not in play.

Do you know where the word "Olympics" comes from?... It's from the Greek word "Olympiad," which means every four years... And, in the ancient Greek times, as today, the Olympics are held every four years.

Here's one that may surprise you... Do you know exactly how great a hitter Ted Williams was? Many fans are surprised to learn that he finished with a higher lifetime batting average than ALL these famous men... Tris Speaker, Babe Ruth, George Sisler, Lou Gehrig, Nap Lajoie, Eddie Collins, Paul Waner, Stan Musial, Joe DiMaggio, Jimmy Foxx and Honus Wagner to name just a few... Ted's lifetime average was .344.

I bet you didn't know... Volvo is the only manufacturer to make the three-point lap & shoulder belt standard. It's the only belt designed to make our folding steering wheel and padded dash unnecessary.

Butter 'Ointment'

Butter has been used as food by people for thousands of years, although the ancient Greeks, Romans and Scythians used it instead to apply to injuries, to keep their hair down and as a soothing application for sore eyes, according to the Encyclopaedia Britannica.

New Cookbook Offers Money Saving Hints

CLAREMONT - Caroline Hightower, a Pomona College graduate, has written a cookbook entitled "The Pennypincher's Book of Fine Food," published by Simon and Schuster.

Over the course of a month's food bills, Mrs. Hightower writes in her introduction, "pennies spent unnecessarily can quickly add up to dollars, and pennypinching becomes a profitable super-market sport. Like fine cooking, however, it is an acquired skill, enhanced by luck and intuition." Mrs. Hightower gives the reader hints on ways

to save money without sacrificing good meals. She has included many recipes under headings of hor d'oeuvres, soups, salads, light suppers, main dishes, vegetables and desserts.

She is the former Caroline Warner and married John Hightower in November, 1963.

Abolished Polygamy

Although Utah became a territory by congressional action in 1850, it was not granted statehood until 1896, after the Mormon church had publicly agreed to the abolition of the practice of polygamy.

29 Palms Cycle Performances Will Benefit City Of Hope

"Hope" rides on wheels into 29 Palms' eighth annual Spring Tour of the Southern California Roadriders Committee chaired by J. M. Jones of Ontario on April 27 and 28, according to William J. Procter, 29 Palms Director of Parks and Recreation. As in the past, the two-day event will benefit the free, nonsectarian City Of Hope.

The run for "souls who like the open," will attract motor-cyclists from all parts of the southland, Nevada and Arizona and is sponsored by the 29 Palms Chamber of Commerce headed by Toni Bindio and ably assisted by Chester E. Ellis. The tour, sanctioned by the American Motorcycle Association is a R.R.C. Point Run and features the A.M.A. Tour Award. Bob Decker of Baldwin Park assisted by Hal Brown of Downey will coordinate the two-day run. The Rebel Rouser from Rowland Heights headed by Jim Cobb, 1809 Las Padres Road will participate.

Hundreds of cycles will lead the way into a program of events that will include a parade, featuring the Ace of Clubs Drill Team under the Direction of John George and the Huntington Park Elks Drill Team. Fabulous stunts will be performed by the famous Victor McLaglen Drill Team headed by Major Herb Harker. Field events will feature stunts performed by the drill teams and wheel stands by "Spider." The official A.M.A. referee for the competition is Bill Miller of Hacienda Heights.

Pacific Coasters of San Diego directed by Chuck Meyers will coordinate an intricate communication system over the entire route.

Proceeds from the individual \$3 donations will benefit programs in research and patient care at the free, nonsectarian Pilot Medical Center of the City Of Hope.

Be Humane With Animals This Easter

If you have thought of getting junior a cute, fluffy Easter chick or rabbit, live variety, forget it. It is a misdeed to supply such a baby animal as a pet for the Easter trade.

A state law forbids selling or giving away baby rabbits, baby chicks, ducklings or other fowl. Better not display or offer them for sale either, or use them for barter or as a prize.

You will run afoul of the state law by dyeing, coloring or otherwise treating these animals in any way. The law bans the Easter trade in small animals because most people don't know how to care for them.

It may not be common knowledge, but a rabbit needs more solid food than a steady diet of lettuce to avoid starvation, according to Bruce Richards of The Humane Society of Pomona Valley. Chicks also take special food and care.

Ticket Sales Now Underway

The Old Baldy Council, Boy Scouts of America, kicked off its 1968 Scout-O-Rama ticket sales campaign on April 1, 1968. More than 150 Cub Packs, Scout Troops and Explorer Posts now have tickets and their 7,000 members are selling them in the Pomona Valley - Fontana area. Tickets are \$1.00 per adult, under 16 admitted free.

The Council's Scout-O-Rama will be held May 25th at the Los Angeles County Fairgrounds in Pomona, 12 noon to 9:30 p.m. 150 booths and live demonstrations will be featured on subjects ranging from Aerospace to Zoology.

Council tickets sales chairman is Gerry Busby of Pomona. He is assisted by Tom Kelleher of Ontario, Gene Miller of Fontana and Bill Fruefontana and Bill Trueblood of Upland.

To Present Rumpelstiltskin At Cal Poly, Friday At 2

Matinee performances of a student production of "Rumpelstiltskin" will be presented in the College Theatre at California State Polytechnic College, Pomona, on April 13 with curtain time at 2 p.m. adults and 50 cents for children.

A custom - designed musical score and special effects in staging and lighting will distinguish the dramatization of the Brothers Grimm fairy tale from run-of-the-mill children's theater, said Gil Jordan, student director.

The script, by Margery Everden, is one of more than 100 dramatizations of the German folk tale. "The addition of 14 original musical numbers will add magic and spectacle," said Jordan. Written by Billy Dixon, a professional writer of musical scripts from San Bernardino, the music was conceived especially for Mrs. Everden's version.

Originally presented at Cal Poly on March 9, the

production is open to the public. Tickets may be reserved by telephone, (714) 395-1241, Ext. 465.

Winners of 321 first prizes of national and international plus four times members of the British Olympic World Team.

John and Suzanne successful stylists and owners of three salons in England. Never before has there been a duo who can claim to have gained awards in every major international competition throughout Europe including four times members of the British Olympic World Team.

Having studied and being personal friends of world champions and leading hair artists they have direct contact with the international scene whether it be in their home town, London, Paris, Rome or Vienna.

Still in their early twenties their accomplishments have not come easily. It took them a combined total of 18 years to gather the world of experience they have at their fingertips. All this is available to any hairdresser whatever level basic to advanced. Their teaching methods all over Europe has produced a string of competition stars and successful hair artists.

Devoting their time to teaching and demonstrating allows them to offer all their very special secrets and lines which any active competitor or hair stylist must know.

National riot squad?

Kuchel says 'strengthen local law enforcement

U.S. Senator Thomas H. Kuchel attacked the notion of a "national riot squad" as an "abridgement of the American right to self government and a threat to the principle of local control."

Instead, California's senior Senator drew on the Constitution to call for the strengthening of law enforcement at the local level as the answer to America's law and order crisis.

Speaking before the Beverly Hills Bar Association at the Beverly Wilshire Hotel, Kuchel listed several bills he has co-authored or supported

which strengthen local enforcement's hand in dealing with crime or riots.

One of them would provide for Federal assistance to local agencies, another encourages further education to those seeking an enforcement career.

Noting "some signs of panic" in the United States, Kuchel said that "some have suggested a national riot squad out the nation." Such a suggestion, he said, "smacks of police state tyranny, totally offensive to our traditional American concept of law enforcement."

Kuchel cited statutes which specify the manner in which any Federal troops may be dispatched where there are insurrections. He added:

"Those suggesting a Federal riot squad to speed to any state afflicted with racial strife apparently overlook both American tradition and

these Federal statutes, and would void years of carefully established guidelines. They would scrap our traditional concept of balanced law enforcement, and they would place the responsibility of

state and local policy with expanded Federal controls, power and domination. Far more important, they encourage a giant leap toward the establishment of an authoritarian police state."

Big rainbows stocked

Two thousand pounds of rainbow trout weighing from one to five pounds each are scheduled for stocking in three Southern California lakes this week by the Department of Fish and Game.

The big trout will be divided among Puddingstone and Little Rock Reservoirs in Los Angeles County and Piru Reservoir in Ventura County.

The "bonus" planting will consist of surplus brood fish from the DFG's Mt. Whitney Hatchery in Inyo County. Most of them will be two-year-old males weighing a pound or better, but a good number will be four-year-old females weighing up to five pounds.

The DFG noted that female rainbows in the hatchery reach their egg production peak in their third or fourth year. After that their egg production drops sharply and

the fish are planted in public waters to spice the fishing.

Two weeks ago 2,000 pounds of male brood fish from Mt. Whitney Hatchery were planted in Arrowhead, Big Bear, Green Valley and Gregory Lakes in the San Bernardino Mountains.

Migration of people census aim

Information to help determine national migration patterns will be sought from local households by the Bureau of the Census in its monthly Current Population Survey the week of April 15, Director Leonard C. Isley of the Bureau's regional office in Los Angeles announced.

Questions on household movements during the past five years will provide an insight into amounts and directions of population migration within the country and will be instrumental in forecasting future migration trends.

Other highlights of the April survey include special inquiries on types of work during the previous year, and questions on family size and place of birth of household heads.

OWNERS BLAME QUAKE — for the collapse of this garage Tuesday morning. Mr. and Mrs. Thomas Palma of 533 N. Second Ave. said their son was in the garage at the time of Monday night's quake and it groaned and squeaked. Then when the Santana wind gusted up Tuesday, the garage started to go. Mrs. Palma with her three children, Mike,

Joe and their sister, Chris, pushed the garage, with some help from wind, and caused it to go north into their driveway, instead of south into John Devine's Richfield station. There was also a gas meter on the south side, which they didn't want the garage to hit. Fire Department was called for a safety check.

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that the Planning Commission of the City of Upland will hold a public hearing on Thursday, April 25, 1968 at 7:30 p.m. in the Council Chambers of the Upland City Hall for the purpose of considering an amendment to the text of Chapter 1 - Zoning Regulations, Article IX of the Upland Municipal Code regarding:

NOTE: Underscored words denote material to be added. Strikethrough denotes material to be deleted.

SECTION 1.

SECTION 9110.72 - SAME. USES PERMITTED.

Section 9110.72-A (Retail Sales in C-4 zone) is amended by the addition of sub-section (28) to read as follows:

(28) New Travel Trailers and Camper Sales Agencies (service and repair conducted within an enclosed building).

SECTION 2.

SECTION 9110.80-d - SAME. PROPERTY DEVELOPMENT STANDARDS

Section 9110.80-d-1 (Off-Street Vehicle Parking in R-D zone) is amended to read as follows:

(1) There shall be one (1) off-street parking space for each one hundred (100) two hundred (200) square feet of building gross floor area. Such parking area shall be located on the same lot or parcel of land as the building or structure served, or lot or parcel within the same zone.

This public hearing will be conducted pursuant to the provisions of Chapter 1 - Zoning Regulations, Article IX of the Upland Municipal Code and Sections 65500-65800 of the Government Code of the State of California.

All persons interested in this proposal are invited to attend.

Seaman Apprentice Salvatore Fittante, USN, son of Mr. and Mrs. O. E. Fittante of 1293 N. Fifth ave., Upland, has been graduated from nine weeks of Navy basic training at the Naval Training Center in San Diego.

In his first weeks of his naval service he studied military subjects and lived and worked under conditions similar to those he will encounter on his first ship or at his first shore station.

In making the transition from civilian life to Naval service, he received instruction under veteran Navy petty officers. He studied seamanship, as well as survival techniques, military drill and other subjects.

John P. Rogone

Marine Corporal John P. Rogone, son of Mr. and Mrs. Philip M. Rogone of 1271 Clinton Ct., Upland, is serving with the Force Logistic Command in the Republic of Vietnam.

Force Logistic Command, with headquarters at Danang, receives and processes more than 40,000 supply requests a month. His drivers covered more than a million and a half miles last year, distributing more than 300,000 tons of cargo and nearly 8,000,000 gallons of water.

The command is made up of almost 10,000 Marines with units scattered throughout the five northernmost provinces of Vietnam.

Kenneth Johansen

Sergeant Kenneth P. Johansen, son of Mr. and Mrs. Poul R. Johansen of 8289 Baker St., Cucamonga, is on duty at Phu Cat AB, Vietnam.

Sergeant Johansen, a munitions specialist, is a member of the Pacific Air Forces.

Before his arrival in Vietnam, he was assigned to Baker Air Force Station, Ore.

The sergeant is a 1963 graduate of Fontana High School.

His wife, Rebecca, is the daughter of Mr. and Mrs. B. Ladwig of Baker, Ore.

Wayne Wilbur

Seaman Apprentice Wayne P. Wilbur, USCG, son of Mr. and Mrs. Louis E. Wilbur of 9324 Benson Ave., Montclair, was graduated from basic training at the Coast Guard Recruit Training Center, Alameda.

Under the guidance of experienced Coast Guard petty officers, he successfully completed a rigid eight-week training program designed to transform him from a civilian into a trained Coast Guardsman.

As a graduate he may apply if eligible, for advanced training in one of the many occupational fields required by the Coast Guard, or he may be assigned to a Coast Guard Unit operating in the United States or overseas.

Although active in many maritime safety fields, the Coast Guard specializes in search and rescue, merchant marine inspection, oceanography and maritime aids to navigation.

The Coast Guard also cooperates with other federal agencies in law enforcement operations.

Donald O'Connor

Sergeant Donald H. O'Connor, son of Mr. and Mrs. Eugene E. Cogswell of 9805 Amherst Ave., Montclair, is on duty at Don Muang Royal Thai Air Base, Thailand.

Sergeant O'Connor, an entomology specialist, is a member of the Pacific Air Forces.

Before his arrival in Thailand, he was assigned to an Air Force unit at Taipei, Taiwan.

The sergeant, a graduate of Montclair High School, received an A.S. degree from Chaffey College.

Melvin Drewry

Master Sergeant Melvin C. Drewry, son of Mr. and Mrs. Winford T. Drewry of 1411 N. First Ave., Upland, is a member of the 1964th Communications Group that has earned the U.S. Air Force Outstanding Unit Award for a third consecutive year in Vietnam.

Sergeant Drewry, a communications technician, will wear a distinctive service ribbon to mark his affiliation with the organization.

The major Air Force Communications Service (AFCS) unit in Vietnam, the 1964th is headquartered at Tan Son Nhut Air Base and has 10 subordinate squadrons operating throughout the country.

The organization was nominated for the award by General William W. Momyer,

commander of the U.S. Seventh Air Force, Vietnam, for its "zany ingenuity" and outstanding proficiency in providing direct communications, navigational aids and air traffic control in the combat zone during a period of greatly expanding tactical operations. The general cited the 1964th for its high degree of professionalism in spite of "extreme difficulties associated with living and working under field conditions."

Group achievements included handling nearly 350,000 takeoffs and landings by AFCS air traffic controllers during a single month. During the year they also prevented the possible loss of 45 costly aircraft and their crews through expert guidance during inflight emergencies.

In addition to operating an in-country communications network to support combat operations, group personnel inaugurated telephone service between theater USAF Military Affiliate Radio System (MARS) stations and field hospitals, enabling American patients to talk with their families in the states.

Sergeant Drewry is assigned AFCS duty at Tan Son Nhut.

The sergeant is a graduate of Morris (Okla.) High School and served during the Korean War.

His wife, Chloette, is the daughter of Mrs. Thomas A. Moore of Grover City, Calif.

Ludwig science studying island water problems

Initiation of a project geared to help solve the critical water supply problems of the Virgin Islands -- pinpointed to the islands of St. Thomas, St. Croix and St. John -- has been undertaken by Ludwig Engineering and Science, a Southern California engineering and research company with offices in Arcadia and Upland.

This was the announcement made this week by Dr. Harvey P. Ludwig, chairman of the board. Chief purpose of the contract -- being funded by the Government of the Virgin Islands -- is "to evaluate the potentials of helping solve the problem through reclamation of wastes to permit reuse of the water supply," Dr. Ludwig pointed out.

"Water supply to support community growth has always been a difficult problem in the Virgin Islands, ever since their acquisition by the United States," Dr. Ludwig explained. "Thus far, the only solutions have been the capturing of rainwater by use of paved surfaces and cisterns, and more recently, by seawater distillation -- both rela-

tively expensive. Probably the greatest potentials for reclamation and reuse lies in use of waste effluent for recharging of underground waters, similar to the operation now being conducted in Southern California at Whittier Narrows."

Over the past several years, Ludwig Engineering and Science has gained "a great deal of experience in reclamation and reuse of wastes in the Southland, including four current projects now underway in Santee, Irvine, Chino and Hemet-San Jacinto," Dr. Ludwig stated.

The contract work will be carried out under the supervision of the Department of Public Health of the Virgin Islands, and the engineering report -- presenting findings, conclusions and recommendations -- will be submitted within approximately four months. Drs. Robert Franklin and David Eckhoff of the United States will serve as co-project directors.

Circle B extending its season

"The regularly scheduled six summer sessions at the Old Baldy Council's Circle B Scout Ranch have been filled," according to Warren Cliburn, Council Camping Chairman. "The response has been so great that we will open camp a week earlier on June 29 in order to add another camping session and give at least nine more troops the chance to camp."

To date, more than 900 boys from 54 Scout troops in the Old Baldy council are planning to attend this exciting summer camp.

The Circle B Scout Ranch, owned and operated by the Old Baldy Council, Boy Scouts of America, is located in the So. Sierras, 35 miles northeast of Inyokern.

Activities at Circle B that these 900 Scouts will participate in include swimming, boating, canoeing, rifle shooting, archery, handicrafts, hiking, mountain climbing, nature and conservation activities plus many more.

Of the 25.8 million living veterans, 1.8 million receive compensation for service - connected disabilities and 1.8 million receive pension payments for non-service-connected disabilities, the Veterans Administration announced.

1,400,000 Americans now alive have been cured of cancer. Early detection and prompt treatment saved their lives. The American Cancer Society urges you to become familiar with cancer's seven warning signals and to fight the disease with a checkup and a check.

'Dream' tax cut bill picks up more support

The taxpayers "impossible dream", A.B. 512 (Briggs, R-35th) to roll back the State personal income tax to the 1966 level, became a little more possible as 5 Assemblymen and 1 State Senator added their names as co-authors of the bill.

Assemblyman Robert E. Badham (Newport Beach), Robert H. Burke (Huntington Beach), Carl "Be" Britschgi (Redwood City), Patrick D. McGee (Van Nuys) and Alan G. Pattee (Salinas), all added their names as co-authors of the bill.

Assemblyman John Veneman, Chairman of the Revenue and Taxation Committee, has now firmly set the hearing date for April 19 at 9 a.m. The bill will first be heard by a 5-man

CHP man aboard ship

Captain Vernon F. Nicholson, commander of the San Bernardino office of the California Highway Patrol, reports that Officer Ron Carroll, Public Information Officer at the San Bernardino office is temporarily assigned to a "Ships at Sea", traffic education program.

The program is a joint effort of the Armed Forces and the California Highway Patrol. Members of the Highway Patrol board incoming ships at sea and conduct driver education classes for the servicemen returning from overseas assignments.

Servicemen are, therefore, aware of California's driving laws prior to their arrival. The Highway Patrol officers

224 join Y in drive

Two hundred twenty-four members on a goal of 1,100 were counted at the first report breakfast of the YMCA membership round-up, according to Bosses Bert Francis and Chuck Linck.

Jack Brewer and his Mule Skippers were high ranch closely followed by Don Wight's Ranch.

Gene Vaughn's team was high team and Mrs. Geneva Grant, Kip Carlson and Joe Laponis were high workers.

Mrs. Grant was the first to sell a Century Club membership.

GI loans up

GI Home Loan Applications increased from 2192 in February to 2572 in March, Monterey, VA's Southern California Manager reported today.

Appraisal requests for new homes increased from 1131 in February to 1498 in March, and appraisal requests for existing homes increased from 2871 in February to 2532 in March.

TRANSFUSION of warmed blood rather than cold blood has a better effect on a patient who requires a transfusion while undergoing surgery. Warmed blood transfusions, says a Harvard Medical School researcher, lower vascular resistance to blood flow and increase the output of blood from the heart to the tissues.

An evening to remember:

It happens at the Stuft Shirt.

People tell us that an evening at the Stuft Shirt is something special. That there's nothing quite like our food or the way it's served. Like Tenderloin of Beef a La Ocar... a filet mignon steak sauteed in butter and topped with crab legs, asparagus spears and sauce Bearnaise. Or any of the other popular entrees you like so much. Cocktails, too, of course. And there's music for dancing. Everything you could want for an unforgettable evening. And all under one roof.

Edison Co. to counsel students on careers

Southern California Edison Company school counselors will be advising students of 21 different job classifications when they take part next week in the seventh annual career guidance center, April 17-25.

Through displays, literature and personal guidance, Edison counselors will seek to help Southland school youths to program their studies and plan ahead for a career with Edison, according to J. L. Salls, Edison service training officer.

The nine-day Career Guidance Center is designed to provide students a "shopping mart" of job titles and career futures that might otherwise have passed unnoticed by those attending school.

Regular hours for the Center, located at Great Western Exhibit Center 2120 S. Eastern Ave., City of Commerce will be from 9 a.m. to 3 p.m. week days and on Saturday and Sunday from 1 p.m. to 4 p.m.

The Center also will be open from 7 p.m. to 10 p.m. on Thursday, April 18, and Wednesday, April 24.

A special preview night for all interested parents, teachers and advisors will be held Tuesday evening, April 16 from 7 p.m. to 10 p.m.

There is no admission at any time and all parents are invited to attend.

CITY OF MONTCLAIR NOTICE INVITING BIDS

FOR THE INSTALLATION OF IRRIGATION SYSTEMS, LANDSCAPING, AND APPURTENANCES IN ISLAND MEDIAN

RECEIPT OF PROPOSALS: Sealed proposals will be received at the office of the City Clerk, City Hall, Montclair, California, until 10:00 o'clock A.M. on Monday, April 29, 1968, for the furnishing of all plant, labor, materials and equipment for the installation of sprinkler systems, landscaping, and appurtenances in island medians. The words "Bids: Landscaping To Be Opened 10:00 A.M. April 29, 1968" shall appear on the envelope of each sealed bid and each envelope shall be addressed to the City Clerk, City Hall, Montclair, California. The proposals will be publicly opened and read in the Council Chambers, 5111 Benito Street, Montclair, California, at 10:00 A.M. on the date above mentioned.

DESCRIPTION OF WORK: The entire work is contained in a single bid schedule. The work consists of median island improvements including cobble stone paving, concrete head-ers, irrigation and automatic controls installation and landscape installation, including maintenance.

COMPLETION OF WORK: All work shall be completed within forty-five (45) calendar days after the date of the execution of the contract by the City.

OBTAINING CONTRACT DOCUMENTS: Plans and specifications and all contract documents may be obtained at the office of the City Engineer, City Hall, 5111 Benito Street, Montclair, California. A deposit of \$10.00 for each set of specifications with accompanying drawings will be required. This deposit will be refunded on the return of all contract documents in good condition within thirty (30) days after the proposals are opened.

PROPOSAL GUARANTEE: Each proposal must be accompanied by cash or by a cashier's or certified check or by a bid bond in the amount of ten percent (10%) of the amount of the bid price, made payable to the order of the City Clerk of the City of Montclair, as a guaranty that the bidder, if the award is made to him in accordance with the terms of his proposal, will promptly execute a contract in the required form, secure payment of workmen's compensation insurance, and furnish a satisfactory faithful performance bond and a labor and material bond. The faithful performance bond shall be in the sum of not less than one hundred percent (100%) of the estimated aggregate amount of the payments to be made under the contract, computed on the basis of the prices stated in the proposal. The labor and material bond shall be in the sum of not less than fifty percent (50%) of the estimated aggregate amount of the payments to be made under the contract, computed on the basis of the prices stated in the proposal. In addition to the above and if requested by the City, the bidder shall furnish a financial statement of recent date, failure to comply with this requirement will render a bid informal and shall be sufficient cause for rejection.

WAGE RATES: Pursuant to applicable provisions of the Labor Code of the State of California, not less than the general prevailing rate of per diem wages including legal holidays, and overtime work for each craft or type of workman needed to execute the work contemplated under this agreement shall be paid to all workmen employed on the work to be done according to this contract by the Contractor, or any Subcontractor shall be deemed to include employer payments for health and welfare, pension, vacation, and similar purposes and shall be in addition to the prevailing hourly rate specifically herein-after set forth and adopted by the Council of the City of Montclair as follows:

CLEANING AND SELF-SERVICE LAUNDRING ESTABLISHMENTS

The City Council of the City of Montclair does hereby ordain as follows:

Section 1. The Montclair Municipal Code is hereby amended by the addition of Chapter 9 to Title 5 entitled "Self-Service Dry Cleaning and Self-Service Laundering" as follows:

CHAPTER 9. SELF-SERVICE DRY CLEANING AND SELF-SERVICE LAUNDRING

Section 5-9.01 Definitions. Except where otherwise indicated, the following definitions shall apply in the interpretation and enforcement of this Ordinance.

(a) "Self-Service Dry Cleaning" or "Dry Cleaning" shall mean the cleaning of textiles, fabrics, garments or other articles as a business or commercial enterprise in connection with a business or commercial enterprise by the use of any solvent, other than water, which is not flammable at ordinary operating temperatures, in a dry cleaning unit designed primarily to accommodate individual or family-size cleaning loads and, of, or similar to, a type designed for self-service use by the insertion of coins.

(b) "Self-Service Laundering" or "Laundering" shall mean the washing and/or drying of textiles, fabrics, garments, or other articles as a business or commercial enterprise in connection with a business or commercial enterprise by the use of water in a washing machine designed primarily to accommodate individual or family-size cleaning loads and, of, or similar to, the type designed for self-service use by the insertion of coins.

(c) "Dry Cleaning Machine" or "Dry Cleaning Equipment" shall mean a machine or equipment in which or with which self-service dry cleaning is done.

(d) "Washing Machine" or "Laundering Equipment" shall mean a machine or equipment in which or with which self-service laundering is done.

Section 5-9.02 Attendant on Premises.

No person, firm, partnership, association, corporation, or organization of any kind shall offer any self-service dry cleaning or laundering equipment for use by the public, between the hours of 9:00 p.m. and 7:00 a.m., unless there is present in the place where such dry cleaning or laundering equipment is located a competent, supervisory attendant.

DFG: 38 special deer hunts recommended

California Department of Fish and Game has recommended 38 special deer hunts with 14,960 permits for the 1968-69 season.

The recommendations were contained in the annual report to the California Fish and Game Commission on the condition of all California deer herds.

Last year the DFG proposed 28,990 permits. Hunters reported taking 7,377 deer in special hunts.

The report states that fewer hunts and permits are being recommended because "of the lower reported deer take last year in most of the state and the temporary improvement in forage production in most areas last year."

The reported buck kill in 1967 was 40,000, a drop of 29,118 from the previous year's reported take of 69,118.

The Fish and Game Commission will receive the Department's recommendations at its April 5 meeting in Sacramento. At that meeting, the Commission will fix the time and place of hearings in counties where special hunts are proposed.

Following the hearings, hearing officers usually Commissioners, will report the results of the hearings to the full commission at its June 28 meeting. At that time the Commission will adopt the special hunts it believes

should be held this coming season.

The DFG also recommends a permit fee of \$5, the same as in recent years, except for the Dade Refuge hunt where the regular buck tag

would be used.

Hunts recommended by the DFG include some for bucks only, some antlerless, and some either sex and extend the length of the state. Some hunts will be for archers.

Angels get sentences

Two members of Hells Angels Motorcycle Club arrested in Alta Loma last year on marijuana charges have been sentenced after being found guilty in West District Superior Court.

Judge Carl B. Hilliard sentenced Ralph D. Ladd, 28, to a 1-10-year prison term, and

Theodore Medina, 27, was put on probation for two years with the condition that he serve 30 days in the county jail.

Both were arrested on the marijuana possession charge when the gang had headquarters at a leased ranch in the foothills, raided by sheriff's deputies.

State tax assistance available

Assistance for taxpayers preparing California income tax returns will continue to be available in Pomona through April 15.

An auditor of the State Franchise Tax Board will be located at the City Hall, 232 West Fifth Street, to answer questions and assist taxpayers in completing their forms.

Anyone who earned \$2,750 or more if single, or \$5,000 or more in combined income if married, must file a California State income tax return. Deadline for filing the 1967 returns is April 15, 1968.

Bankers slate robbery clinic

The American Institute of Banking, Citrus Belt Chapter's final Forum and Seminar program (on bank robbery) will be presented on Tuesday, April 16, from 7 to 10 p.m. at California State Polytechnic College, Voorhis Center, San Dimas.

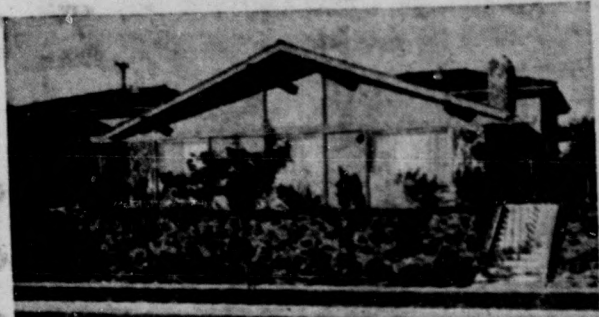

Representatives of the Federal Bureau of Investigation will discuss the increase and associated with recent bank robberies.

Tickets may be obtained by contacting a bank in your area, or by calling Mrs. Verah Curtis, Secretary, (213) 339-0765.

MAKING EGG CAKES

Children will be delighted with a tiny Easter cake baked in the shape of a large egg. Use a small oval sardine tin as the baking pan. Bake two layers by a favorite recipe. Frost with chocolate icing between the two layers and on sides. Then as you frost the top with the same chocolate icing, pile and shape the icing so as to give the top the shape of an egg.

New Census Will Collect Population Migration Data

Information to help determine national migration patterns will be sought from local households by the Bureau of the Census in its monthly Current Population Survey the week of April 15, Director Leonard C. Isley of the

Bureau's regional office in Los Angeles, announced today. Questions on household movements during the past five years will provide an insight into amounts and directions of population migration

within the country and will be instrumental in forecasting future migration trends. Other highlights of the April survey include special inquiries on types of work during the previous year, and questions on

family size and place of birth of household heads. These special queries will supplement the regular monthly questions on employment and unemployment. The monthly surveys are taken in a scientific

cally selected cross-section of several hundred areas throughout the United States, according to Director Isley. Survey questions are asked of more than 50,000 households in these areas. The identity of those questioned is kept completely confidential and the facts collected are used only for statistical purposes.

FRANKIE ST. CLAIR

A young rising singing star walks up to the band stand at VIC'S ITALIAN VILLA. He nods to a trio in the background, adjusts the microphone and starts warbling Italian and American hit tunes. Under glaring stage lights, Frankie St. Clair wows the audience on his side as he sings an Italian favorite, "Mama." This number was his first recording. The handsome singer's voice glows with warmth, delivery of the song timely and while we were enjoying the music and lyrics of the number, we felt like grabbing our "mama" and give her a big hug and kiss. At the end of the song, the patrons yelled for more.

In another musical skit, Frankie has a tambourine in his hand and touches his elbows with it from me, for an enchanting evening while warbling "Hava Nagila." The night revelers get into an excellent dinner, treat yourself hilarious mood and join the and your guests to Vic's dining song-dance man in the fast paced song. Bedlam reigns and Ave., La Verne.

Wm. F. Buckley Speaks Apr. 16 To CC Friends

CLAREMONT - William F. Buckley, Jr. will address a dinner meeting of the Friends of The Claremont Colleges Tuesday, April 16, at the Ambassador Hotel in Los Angeles. He will offer "Observations on Current Affairs."

During the past 15 years, Buckley has gained

a national reputation as a witty, articulate critic of society. His opinions have been expressed through the "National Review," which he edits, his television show, books, articles, a syndicated newspaper column, and numerous lectures.

He attracted attention in 1950, the year he gra-

duated from Yale, with his first book, "God and Man at Yale." During the next few years he was briefly an associate editor of the old "American Mercury" and a free-lance writer and lecturer.

SPARTANS GET NEEDED RUN - The Damien Spartans find fielding lapses as they still seek league victory No. 1, but shown here is a bit of their scoring ability as Bill Macioci of Upland runs across with the Spartan's second run against Mission. Looking on with bat in hand is Ken Martala of Pomona.

Campouts, Horse Sales, Dog Shows On LA Fair Agenda

POMONA - Headed by the annual San Gabriel Valley 4-H Fair on April 20-21, interim events at the Los Angeles County Fair during April offer a variety of activities.

A dog show on April 7, presented by the Southern California Whippet Assn. opens the month. Skeet shooting meets are planned on the same day and also on April 21 and 28 by the Pomona Valley Rod & Gun Club.

San Gabriel Valley Boy

Scouts will hold a three-day rally on April 19-21. More than 10,000 visitors are expected for the 4-H Fair on Saturday and Sunday, April 20-21. All phases of 4-H club activities, including livestock, go on display.

Quarter horses of all ages go on sale April 28 in the Caldwell-Heerman Sales Company's auction. On the same day, the Southern California Roller Club will hold a pigeon show.

Trailer rallies will keep the fair's trailer park area busy with four events: Kenskill Owners, April 12-14; Wally Byam (Orange County Unit) April 19-21; Travelers-Ure Club and Long Beach Trailer Club, April 25-28.

On the distaff side, the Rowland Heights Girl Scouts camped out April 7-9.

Warning Issued On Stranded Youths At Catalina Island

Sheriff Peter J. Pitchess announced today, that the arrival of the Easter week holiday will mark the beginning of the vacation season on Catalina Island. It also marks an increase in the tourist population which is composed largely of juveniles. During Easter week and the summer months, Catalina's juvenile population increases ten-fold from approximately 200 to over 2000. Many of these juveniles are without proper adult supervision, even though they may be there with parental

consent. Many parents and juveniles are not aware of the laws which govern the city of Avalon and Catalina Island. Sheriff Pitchess states that the Sheriff's Department has implemented a program to inform the public of the law as it pertains to parental responsibility and juvenile conduct while at Catalina. Catalina Island is almost entirely dependent upon commercial transportation. This transportation is not operative at night. If a juvenile under

18 years of age misses the last plane or ship leaving the island, he or she is automatically in violation of the law, unless accompanied by a parent or guardian, and may be subject to arrest. Sheriff Pitchess advises that printed signs will be posted at each point of embarkation and disembarkation, to and from Catalina Island informing the public of the following laws:

1. AVALON MUNICIPAL LAWS PROHIBIT THE RENTING OF ROOMS TO JUVENILES
2. JUVENILES (UNDER 18) WHO STAY OVERNIGHT IN AVALON ARE SUBJECT TO ARREST IF NOT PROPERLY SUPERVISED BY PARENT OR GUARDIAN. (601 WELFARE & INSTITUTIONS CODE, SECTION 602 (1) PENAL CODE).
3. TRESPASSING OR SLEEPING ON PRIVATE PROPERTY WITHOUT PERMISSION. (602 WELFARE & INSTITUTIONS CODE, SECTION 602 (1) PENAL CODE).
4. REMAINING OVERNIGHT ON PUBLIC BEACHES. (COUNTY ORD. 2301, SECTION 65).

Circus In LA Is Continuing

The DOBRITCH INTERNATIONAL CIRCUS continues its 19-day run at the Los Angeles Sports Arena, the longest circus engagement in the city's history. Young Polish animal trainer, Ada Smejka, heads a list of over 200 internationally famous circus artists which also includes Emmett Kelly, the Nerveless Nicks, the Zaccinias, the Flying Palacios and many more. Performances Monday through Friday are at 4 p.m., and at 8 p.m., Saturday 2:30 p.m., and 8 p.m., and Sunday at 2:30 p.m., and 6:30 p.m.

Charter Oak High Principal To Step Down

CHARTER OAK — John Hunt, principal of Charter Oak High School for the past four years, has submitted his resignation so that he can complete his work toward his doctor's degree. The resignation was accepted, effective July 1, by the Charter Oak School Board. The board approved the recommendation of Supt. Frank Kittinger to appoint Lester Armstrong, assistant principal, to succeed Hunt. Armstrong, a resident of Charter Oak, has been with the district for 10 years, serving as assistant principal of Charter Oak High School since 1962.

Preserving Tips

You can keep the chrome legs of your breakfast table and chairs from cutting through rubber tips, by fitting a metal washer inside the rubber, under the leg.

Bunny Salad

For an Easter Bunny Salad, arrange pear halves on lettuce leaf, smooth side up. Use almonds for ears, maraschino cherries for eyes and nose and whipped cream for tail.

Separating Eggs

When separating eggs and you get a stray piece of yolk in the whites, you can remove it easily by touching it lightly with a damp clean cloth.

Exhibit Continues On Photography

John Szarkowski, head of the Department of Photography at the Museum of Modern Art, lectured on Dorothea Lange and the Documentary Fallacy on Friday, March 29, in the Bing Auditorium of the Museum.

Szarkowski organized the exhibition on the late photographer's work now in the Special Exhibitions Gallery at the Museum.

Prominent members of the community of photographers and photographic printers in the area attended the lecture, and a reception for all those

attending was held following the lecture.

The exhibition will continue through April 21 in the Special Exhibitions Gallery. It includes representative prints of Dorothea Lange's work since the 1920's, when she began her career as a portrait photographer for the Farm Security Administration in the 1930's; and the moving record of her travels in Europe, Egypt, Central America and the Far East as a photographer of "people in the context of their lives".

Miss Lange died in

Make or Buy Salted Almonds

Salted almonds are a crunchy, flavorful addition to a fruit salad. Chop or sliver them coarsely or buy them that way; sprinkle over a combination fruit and cottage cheese salad. Fine for topping casseroles, stirring into noodles, adding to stuffing and decorating cakes, to name just a few other ways to enhance foods with almonds.

There are over 250 species of true frogs on the earth.

1965, after working with Szarkowski on selecting prints for the exhibition, which has now become her memorial.

Use Care

When silks become so heavily soiled that strenuous cleaning measures must be employed, there are risks of chafing or destruction of surface fiber, bleeding of dye, loss of body, and yarn slippage or weave distortion.

Wise Selection

Understanding of labeling terms used on bedding and towels can lead to wise selection. Purchases should not be based on price alone, but on fiber content, thread count, type of fabric, size and special finishes.

Houston Says RTD Expansion Foolhardy

"So-called Rapid Transit expansion is not the answer to transportation problems in the Los Angeles area," Councilman Henry Houston of San Dimas declared emphatically this week.

Houston serves on two important committees which has under consideration expansion of the RTD system--the League of California Cities State Transportation Committee and the Los Angeles County Division of the League's Transportation Committee.

Houston in his statement to the press this week challenges the legislature, the Board of Supervisors, the LA City Council and the League of California Cities and various other planning bodies and cities in the county to reconsider their position in that Rapid Transit Per Se should be pursued with the slogan, "Rapid Transit... No Matter What the Cost."

The statement drafted by the San Dimas Council-

man who has studied the area's transportation problems on the two important committees is as follows:

A strange paradox has grown up--that freeways are not the answer to traffic congestion and that Rapid Transit (so called) is. This is spite to evidence, overwhelming attimes, that true Rapid Transit has not evolved. . . the concept visioned by many, of its ultimate of whisking a passenger at high speed from point to point, Houston said.

He continued, "Rapid Transit as proposed is no faster than freeway speeds during rush hours about 20 to 25 mph. A costly project exceeding freeway costs by four times or more, and needing a subsidy of 80¢ a trip to operate. No matter which way it is sliced the taxpayer of L.A. County is going to pay a staggering amount for a system that most likely he will never use."

"An initial bond issue

2.5 billion is proposed. Financed thru the line of least resistance for the backbone route only. . . further financing for operation and future construction will be asked for a grand total of about 6 billion. That is if estimates are correct and not a repeat of the disaster in San Francisco where they have tunnels to nowhere and no funds (yet). To proceed further. . . the SCRTD will require more funding (more taxes) in less than ten years to continue the system long before the forty year original bonds are retired," Houston continued.

AUTOS TO STAY
"It is estimated that about 2% of the total daily trips will be reduced by rapid transit. . . where is the smog and safety solution pro - offered by SCRTD with a percentage as low as this? Who will sell his automobile when Rapid Transit arrives? He had better not he will need it to connect

with the system.

"Most are not aware of what Rapid Transit as proposed really is. . . it is none other than the resurrected "Red Cars" on the same railroad track, that same system that due to automobile competition went by the wayside years ago. . . the "Lark" was recently discontinued. . . would you believe Rapid Transit envisions another lark as the answer? Only this time it will be taxpayer expense now and forever. An interesting thought is that even if the bonds are voted and a suitable method of taxation is found the SCRTD is under no compulsion to build a so-called Rapid Transit system it can plow all these monies (6-billion) into the present bus system."

ALTERNATE
If there is criticism then there should also be alternate answers. . .

1. Build a line to the airport, if successful then go ahead with other

lines.

2. Plan now for a speedup in freeway construction.

3. Plan now for a double decking of freeway.

4. Plan now for truly staggered work hours in downtown L.A.

5. Plan now for computerized freeways.

6. Plan now for priority on and off ramps for buses and emergency vehicles.

7. Plan for diversification of business and industry to outlying cities.

8. Plan no subsidy for business and industry in central L.A. city.

9. Plan to reduce costs in other areas of government sufficiently to finance Rapid Transit (if we must have it) and not add to our tax burdens.

I therefore challenge the Legislature, the Board of Supervisors, the L.A. City Council, the League of California Cities, and the various planning bodies and cities of Los Angeles County to reconsider their position

a master plan for education. Joseph Cook, Sunflower honorary life recipient, is president of the board of education of the Charter Oak Unified School District. He lives in Glendora with his wife, children and mother. Cook is assistant director of the Inter-Community Hospital in Covina and has been active in many civic groups. He has held offices in the Covina Chamber of Commerce, Lions and Masons.

Melvin Shryer received the honorary life membership of the Willow PTA. Shryer lives in Arcadia with his wife and three children. He owns the Sunrise Market in Charter Oak.

He is a sponsor of a Charter Oak Little League team, originator and active participant in the Charter Oak Girls Softball team; and is active in the Charter Oak Chamber of Commerce, and in Cub Scouts and Boy Scout programs. He also donates food baskets to needy families in the area.

Roy Pickel received the honorary life membership award from Ruddock PTA. Pickel is currently treasurer at Ruddock, where he has devoted many hours of work insuring the success of several carnivals. He was a Stockader Leader and is presently a cub scout committee member at the Free Evangelical Brethren Church. He lives in the Charter Oak area with his wife, Bobbie, and three children, who are students at Banna and Ruddock schools.

Air Force Veteran
Rudy Duvanich received an honorary life membership award from Royal Oak High School PTA.

Duvanich was in the Army Air

Force where he served in the South Pacific. He received the Distinguished Flying Cross and the Air Medal with Oak Leaf clusters after flying 35 missions.

He received his B.A. from the University of Pittsburgh and his M.A. from Los Angeles State in 1956. For the Charter Oak School District he has served as counselor, assistant principal, principal of Charter Oak High School and is currently principal of Royal Oak High. Added to his community accomplishments is his presidency of the Rio Hondo League in 1963-64 and his present service to the accrediting committee.

Palm View PTA awarded Mrs. Jack Leman and honorary

life membership. Mrs. Leman has been newswriter editor for both Badillo and Palmview schools.

She is presently cultural arts coordinator of the Charter Oak Council of Parents and Teachers and director of the youth choir at the Church of the Good Shepherd. She has promoted many activities in the field of music and is a member of the Claremont Symphony Orchestra. She is active in the foster parent program.

Leroy Small, principal of Banna School, has received its PTA life membership award. He is currently enrolled at USC where he is working for a doctorate in the field of education.

Stone of Scone

The Stone of Scone was brought from Scotland by Edward I and placed in the British coronation chair, which he made to hold it. This chair still holds the stone in Westminster Abbey.

Small taught in the Los Angeles city school system and Big Bear Lake School District before coming to the Charter Oak Unified School District. He taught at Ruddock and served as vice-principal at Glen Oak before becoming principal at Banna.

Mrs. Roy Pickel, another honorary life membership recipient

C.O. PTAs Award Life Memberships

CHARTER OAK — Parent-Teacher associations throughout the Charter Oak Unified School District have awarded honorary life memberships.

The Badillo School PTA awarded its honorary life membership to Eleno Arriaga, who has spent 26 years in service to youth.

Arriaga and his wife have raised six children of their own in addition to the six foster children they now have. Several years ago Arriaga suffered a brain tumor and promised if he should survive the operation he would devote the rest of his life to helping youth. The kindness he displays in his position as custodian at Badillo exemplifies his dedication, according to his friends.

Helen Doherty, honorary life membership recipient of Cedar-grove PTA, has devoted much time in service to youth. Miss Doherty is teaching physical education for the third year at Cedar-grove.

She was born in Oklahoma and received her degree from Pepperdine College and UCLA. Among her activities, Miss Doherty drives to Inglewood once a week to serve girls in her council position for Job's Daughters. She also supports four orphans overseas, ages 5, 7, 11 and 13, and serves at the Olive Tree Sanatorium.

Mrs. R. J. Griner received the honorary life membership at Washington School.

The Griners are residents of Glendora. Mrs. Griner, serving her second year as Washington PTA president, is concerned with the problems of drugs, dropouts and the need for better sex education for youth.

She devotes herself to study groups, workshops and has guided other adults to youth leadership, as well as giving much time to the youth of her church, leading the Pioneer Girls, assisting with the youth choir and singing in the adult choir. Recently she applied as a potential foster parent with the state.

Mrs. Leland Hadley, honorary life membership recipient from Glen Oak PTA, served as president for two years, second vice-president, parent education chairman, newswriter chairman and membership chairman. For the Cedar-grove PTA she served as corresponding secretary. She has also filled many chairmanships for the Charter Oak High School PTA.

She served on the citizens committee for the Charter Oak Unified School District study by Yett and King. The study was made in 1962 and was used as

Delay in tax refund?

Already 7500 Federal tax returns have been filed without required W-2 withholding statements by Southern California taxpayers.

F.S. Schmidt, Internal Revenue Service District Director, said that refund checks

for these taxpayers will be delayed until the W-2's can be obtained.

Taxpayers should attach Copy B of the W-2 statement to their tax return, Schmidt said. He added the employers are required to give em-

ployees copies of this statement, and they can furnish employees duplicates if a W-2 is lost.

When returns are received in IRS offices without a W-2 for all income on which income taxes have been withheld, a letter requesting the missing document must be sent to the taxpayer, he explained. Until the W-2 is received, or an acceptable explanation of why it cannot be supplied, processing of the return cannot be completed.

Another major reason for delay in issuing refunds is the failure of taxpayers to include their correct Social Security number on the tax return, Schmidt said.

As of last week 7249 refunds had been delayed in Southern California because of incorrect or missing Social Security numbers.

Tax returns filed up to last week included 2729 without necessary signatures. These will have to be sent back to the taxpayers before refunds can be processed.

Another 40,307 returns filed are causing refund delays with mistakes in arithmetic. Returns where taxpayers have used the wrong tax table already total 18,426, the IRS reports.

As of last week, Schmidt said, the IRS Service Center in Ogden, Utah had processed 928,097 refunds of taxpayers for a total of \$243,367,254.

School classes to be filmed

A television film to be broadcast on Channel 13 at a later unspecified date will be made at the Academy of Elementary Education directed by Mrs. Louise M. Jagers of Upland.

The school, located at 204 E. F St. in Ontario, is registering for summer sessions, and those who register beforehand may appear in the program to be filmed April 17. The school has kindergarten through eighth grade students.

SD-Pomona Family Has Memories Of Dr. King

WITH DR. MARTIN LUTHER KING--Mrs. Louise Shropshire is shown above with Dr. Martin Luther King during his visit to Cincinnati, Ohio in 1964. King attended a musical given at the Revelation Baptist Church in that city. On the left is the late Bob Shropshire and to the right of Mrs. Shropshire is Dr. King.

SAN DIMAS - While the nation mourned the tragic death of Dr. Martin Luther King, Mrs. Louise Shropshire, of Pomona, watched her television in shocked disbelief.

The sister of Mrs. Alice McCloud, 311 Shirlmar, San Dimas, Mrs. Shropshire's grief is a personal one.

A resident of Cincinnati, Ohio for many years, she had the privilege of entertaining the assassinated civil rights leader in her home on two occasions.

In 1962, Rev. Fred L. Shuttlesworth, pastor of Revelation Baptist Church in Cincinnati and a personal friend of Dr. King's, was given a testimonial dinner by his congregation.

Invited to speak at the dinner, Dr. King stayed at Mrs. Shropshire's home before speaking.

Again in 1964, Dr. King was called to Cincinnati to speak at a church musical featuring the Alabama

Christian Movement for Human Rights Choir.

VISITS HOME
During this visit, Dr. King was honored with a dinner and reception given by Mrs. Shropshire in her home.

"He was truly a humble man," Mrs. Shropshire recalled. "He gave his life in order to save a people."

"He was really a non-violent leader," she said. "If violence breaks out because of his death, all his work will have been in vain. We have a great task to carry out his work."

Although Dr. King lived with the chance of death always at his heels, his sudden assassination drew a shocked, and at first bitter, reaction from many residents of San Dimas.

"This man was the only opportunity that we as Americans had to settle our differences peacefully," said James Webster, assistant manager of Thrifty Drug in San Di-

mas. "The Black Militants were running on Martin Luther King's heels. Now that he is gone, there is little to stop them."

"I don't think anything now could be done to keep the movement from getting violent," he said. "I don't think San Dimas should have any problems however."

"When I first heard about the assassination, I blew my cool. I calmed down after awhile, but imagine the reaction of those people who are inclined toward violence," he recalled.

"It is a time for silence and prayer," said Rev. S.T. White, pastor of Emmanuel Missionary Baptist Church.

Memorial services for Dr. King were held at local colleges Friday afternoon. The Emmanuel Baptist Church in San Dimas also conducted services for the slain civil rights leader Monday night at 7 p.m.

Former Justice Tom Clark Claremont Speaker

CLAREMONT - The U.S. Supreme Court, target of lively controversy in recent years, will be analyzed and discussed in detail April 28-30 when Claremont Men's College presents the Fourth Annual Seminars on the American Political Tradition.

Keynote speaker will be Justice Tom C. Clark, retired Associate Justice of the Supreme Court, who will spend the day on campus before his 4 p.m. convocation Monday, April 29, in McKenna Auditorium. All events will be open to the public.

The former Justice's remarks will reflect the 1968 theme of "The Supreme Court and the Con-

stitution; Usurper or Trustee?" Presenting a different theme each year, the Seminars are comprised of two days of campus-wide activities--lectures, seminars, symposia, and entertainment--in which students, visiting scholars, CMC faculty, and authorities in their field investigate a variety of problems and their impact on the American political tradition. Addresses and academic seminars this year will explore the foundations of the Court's power; the work of the Court; what happens after the Court decides; and scholarly viewpoints on the Court.

Half Of Tax Dollars Destined For Education

Education of our young people, from kindergarten through our state colleges and university, costs the property taxpayers of California over \$2 billion a year, or more than half of the tax dollars collected.

These spiralling costs have caused considerable concern among both educators and school finance people in the state. In fact, divergent views were expressed in the current issue of Tax Digest, published quarterly by the California Taxpayers Association.

Unfortunately, space does not permit me to discuss the views of all of the educational leaders who contributed to this analysis in the Digest, but it is well worth reading and studying in its entirety. A limited supply of CTA's Digest is available, so if you are interested in a copy please write my office and perhaps I can secure one for you.

As the Digest editor said: "Hopefully, somewhere within the divergent views expressed by the authors, there will be seeds for some constructive changes."

Probably the most knowledgeable man in California school finance, author of an article in the Digest on "Equal Educational Opportunity - The Financial Aspects" is consultant to the state senate's select committee on educational finance. He finds that "disparate educational opportunities exist today because California has failed to correct some of the major faults existing in the structure and financing of its schools."

Another author in the Digest is a state college professor of education, who has caused considerable unrest in the past year by attacking the state colleges for waste of taxpayers' money. He finds professors spend too little time teaching and too much time concerning themselves with establishing scholastic and research reputations. He says it is time to fully coordinate the junior colleges into the higher ed-

ucation system and to eliminate wasteful duplication of programs in the colleges and university.

Still another author says we are often too complacent in praising our accomplishments in establishing the greatest university in the world. An outsider, the author is chancellor of a newly-founded university in the East. He also favors tuition and warns that the state has an interest in maintaining the private colleges, "for the cost of doing the same job totally with tax dollars would be staggering."

An Assemblyman, former school board member and author of the major finance bill of the 1967 session, believes it is unnecessary to hold school finance bills to the very end of the session. He says "the trend has deteriorated so that the enactment of this big money bill has taken place later and later during the fiscal year."

One of the controversial features of legislation passed last year was a proposal to eliminate school tax rates by 1971. The author of "Maximum School Tax Rates" is chairman of the assembly committee on education. He examines the panic which has ensued since passage of the bill, and says the same people who asked for maximum home rule now are arguing against the step the author believes is the acme of home rule.

Another legislative author in the Digest is chairman of the senate educational committee. A professional educator himself, he reviews the present status of school legislation and looks at the need for using a proposed \$155 million for property tax relief for school financing.

Here, then in a nutshell, are a few subjects propounded in the publication. And thus, to the taxpayer, whose basic interest is in providing education to prepare today's children for tomorrow's responsibilities, the cost of education becomes of increasing interest.

Three From PFF In League Posts

Three Pomona, California, savings and loan executives have been appointed to 1968 committees of the United States Savings and Loan League.

The appointments were announced today by Hans Gehrke, Jr., of Detroit, Michigan, president of the League, which is the nationwide trade organization of the savings and loan business and represents more than 5,100 savings associations and co-operative banks.

Following is a list of the Pomona executives and the committees to which they have been appointed: Paul D. Walker, president, Pomona First Federal Savings and Loan Association - COMMITTEE ON FSILC LAW AND REGULATIONS; Glenn Cunnison, Pomona First Federal - BRANCH OPERATIONS COMMITTEE AND Roy G. Decker, Pomona First Federal - PERSONNEL COMMITTEE.

Blood Donations

The American Red Cross, at the request of the Army and Navy, began collecting blood on a large scale in February of 1941. Its World War II wartime program collected 13,326,242 units of blood. Of this amount, 12,628,645 units were processed into plasma and serum albumin.

Smoking Withdrawal Clinic Will Start May 7

Registration is now open for the next Smoking Withdrawal Clinic which is scheduled to start May 7 under the sponsorship of the Pomona Area Health Council.

The six session lecture series will be conducted from 7:30 p.m. to 9:00 p.m. on Tuesday and Thursday of each week for three weeks in the Los Angeles County Health Department's Pomona Health Center, 750 South Park Avenue, Pomona.

Dr. Edward Seinfeld, chairman of the Smoking Withdrawal Clinic advises that there is no charge for attending the clinic which is open to any chronic smoker who has a sincere desire to stop smoking, but cannot do so on his own. Dr. Seinfeld said the clinic is strongly recommended for those persons who have Angina Pectoris, Coronary Thrombosis, Emphysema, Chronic Bronchitis, Asthma, and vascular diseases.

The lecture series will be held with the cooperation of the Los Angeles County Health Department, County Heart Association, American Cancer Society, Tuberculosis and

Health Association, and the Pomona Branch of the Los Angeles County Medical Association. The sessions will be conducted by outstanding local physicians, and include a psychologist and nutritionist. Each lecture will be augmented by films and demonstrations.

Anyone interested in attending the clinic or obtaining additional information about the clinic should call the Bureau of Public Health Nursing at 629-4171.

Dietrich Show

Tickets went on sale April 8 at the boxoffice and all theatre ticket agencies for Marlene Dietrich's famed one-woman show which will open a 17-day engagement on April 25 in the Ahmanson Theatre.

Just returned from a record breaking tour of Australia, Marlene will present the same program of songs which brought her nightly standing ovations in New York. Burt Bacharach, who was responsible for the arrangements of all of the famed chanteuse's numbers, will conduct the orchestra.

Last Minute Tip On Filing Income Tax

Are you one of the taxpayers who gets a tax bill after your payment has been sent to the Internal Revenue Service?

F.S. Schmidt, IRS District Director for Southern California, said today that many taxpayers send one payment with two tax returns, and their tax account is not credited with the proper amount until after they correspond with IRS.

"If one check or money order is made for two types of taxes, such as 1968 estimated tax payment and the balance of 1967 income tax due," he explained, "when the returns are separated for processing, the payment may be credited to only one account, leaving the other with tax due."

In this situation, Mr. Schmidt said, one account would have received an overpayment of tax, and a refund would be issued to the taxpayer. The unpaid account generates a bill.

To further assure the taxpayer that his account will be credited promptly, he suggested including the Social Security number on all checks and
